### **Nondiscrimination and Student Rights**

#### **Equal Education Opportunity/Students with Disabilities**

**Owner – Dean of Student and Academic Support Services**

**Contact – Disability Resource Center**

The student with a disability who requires accommodations must register with the Disability Resource Center in the Charles E. Yeater Learning Center. It is the student's responsibility to initiate the request for services.

Students are encouraged to establish documentation and a request for accommodations at least two weeks prior to the first day of the semester.

Students with a disability are responsible for providing documentation from the appropriate medical or psychological professional and should make an intake appointment with the Disability Resource Center. Students are responsible for any charges associated with obtaining documentation.

The Disability Resource Center shall have the authority to make the final determination as to reasonable accommodations. Students are expected to meet the Essential Qualifications of the specific program they are pursuing.

After accommodations have been established by the Disability Resource Center, a letter will be presented to the student describing the accommodations that he/she qualifies to receive for each class in which he/she is enrolled that semester. A confidential letter will also be presented to the instructor describing the accommodations for which the student qualifies for that class. However, the letter will not contain any specific disability.

### **Nondiscrimination and Student Rights**

#### **Equal Education Opportunity/Students with Disabilities**

#### **Documentation Requirements**

#### **Owner – Dean of Student and Academic Support Services**

#### **Contact – Disability Resource Center**

In order to fully evaluate requests for accommodations or auxiliary aids and to determine eligibility for services, the Disability Resource Center must have recent documentation (within 3 years) of the student's disability. The documentation should include an evaluation by an appropriate medical or psychological professional that makes evident the current impact of the disability as it relates to the accommodation(s) requested.

The general guidelines listed below are developed to assist the student in working with the student's treating/diagnosing professional(s) to prepare the information needed to evaluate the student's request(s).

1. Current functional impact of the condition(s): The current relevant functional impacts on physical (mobility, dexterity, endurance, etc.), perceptual, cognitive (attention, distractibility, communication, etc), and behavioral abilities should be described as a clinical narrative and/or through the provision of specific results from the diagnostic procedures and assessments;
2. Treatments, medications, accommodations/auxiliary aids, services currently prescribed or in use: Provide a description of treatments, medications, accommodations/auxiliary aids and/or services currently in use and their estimated effectiveness in minimizing the impact of the condition(s). Include any significant side effects that may impact physical, perceptual, behavioral or cognitive performance. If any additional accommodations or auxiliary aids are warranted, please list them along with a clear rationale and related functional limitations. Any accommodations or auxiliary aids will be taken into consideration, but not automatically implemented;
3. The expected progression or stability of disability over time: If possible, provide a description of the expected change in the functional impact of the condition(s) over time. If the condition is variable, describe the known triggers that may exacerbate the condition;
4. A diagnostic statement identifying the disability: When appropriate, include International Classification of Diseases (ICD) or Diagnostic Statistical Manual (DSM) codes, the date of the most recent evaluation, or the dates of evaluations performed by referring professionals. If the most recent evaluation was not a full evaluation, indicate when the last full evaluation was conducted; and

5. Diagnostic reports must include the names, titles and contact information of the diagnostician, the test utilized in the diagnosing and the date(s) of the testing. Reports must be typed and otherwise legible.

**Nondiscrimination and Student Rights****Equal Education Opportunity/Pregnant and Parenting Students****Pregnant and Parenting Students****Owner – Dean of Student and Academic Support Services****Contact – Disability Resource Center**

Under the Department of Education's (DOE) Title IX regulations, an institution that receives federal funding "shall not discriminate against any student, or exclude any student from its education program or activity, including any class or extracurricular activity, on the basis of such student's pregnancy, childbirth, false pregnancy, termination of pregnancy, or recovery therefrom." According to the DOE, appropriate treatment of a pregnant student includes granting the student leave "for so long a period of time as is deemed medically-necessary by the student's physician," and then effectively reinstating the student to the same status as was held when the leave began.

At State Fair Community College (SFCC), this generally means that students who are pregnant, who have recently lost a pregnancy, or have recently become responsible for the care of a newborn child are entitled to equal access to educational programs and activities. Federal law requires schools to excuse medically-necessary, pregnancy-related absences and offer other reasonable accommodation for pregnant/parenting students.

For the purposes of this regulation, pregnant students should be treated the same way as someone who has a short-term, temporary disability and should be given an opportunity to make up missed work wherever reasonably possible. Pregnant students should not be required to provide documentation of pregnancy-related, medically-necessary absences unless similar documentation is required from students with other short-term, temporary disabilities. Additionally, students cannot be penalized for such absences. Students should be aware that SFCC is limited in its ability to impact or implement accommodations retroactively. It is in the student's best interest to communicate with faculty and/or the Disability Resource Center early in the semester or in the pregnancy.

Accommodations for pregnant/parenting students should be determined through a cooperative process between the Disability Resource Center and the faculty member on a case-by-case basis to determine reasonable accommodations for the student. Pregnant students in need of pregnancy-related accommodations should self-identify to either the faculty, Disability Resource Center or the Title IX Coordinator. Pregnancy-related accommodations should not be required of, or otherwise imposed on, a student who has not requested them.

Options for accommodating pregnancy-related, medically-necessary absences can include, but are not limited to:

- Extended deadlines;
- Alternate assignments;
- Online assignment completion options;
- Incomplete grades;
- Allowing students to maintain a safe distance from hazardous substances;
- Dropped/added courses after the published deadline.

Adjustments to the physical environment of a classroom/lab can also be made to accommodate a student who is pregnant or who may have recently delivered a baby. Changes to seating and classroom equipment, and other assistive supports, can be provided through the Disability Resource Center. To the extent possible, SFCC will take reasonable steps to ensure that pregnant students who take a medically-necessary leave of absence return to the same position of academic progress that they were in when leave began, without penalty. The Coordinator of the Disability Resource Center has the authority to determine that such accommodations are necessary and appropriate, and to inform faculty members of the need to adjust academic parameters accordingly. No accommodations can be made which would require fundamental modifications to the essential elements of any academic program.

As with disability accommodations, information about pregnant students' requests for accommodations will be shared with faculty and staff only to the extent necessary to provide the reasonable accommodations. Faculty and staff will regard all information associated with such requests as private and will not disclose this information unless necessary. Administrative responsibility for these accommodations lies with the Coordinator of the Disability Resource Center, who will maintain appropriate documentation related to pregnancy-related accommodations.

In situations such as clinical rotations, labs, group work, faculty are encouraged to work with the student in a collaborative process to devise an alternative path to completion. In cohort-model programs, pregnancy-related, medically-necessary leaves are sufficient cause to permit the student to shift course order, or join a subsequent cohort when returning from leave. The Coordinator of the Disability Resource Center and the Title IX Coordinator can assist with such processes.

Students are encouraged to work with their faculty members and the Disability Resource Center to devise a plan for how to best address conditions and symptoms as pregnancy progresses, anticipate the need for leaves, minimize the academic impact of their absence, and get back on track as efficiently and comfortably as possible. The Title IX Coordinator will assist with plan development and implementation as needed.

### **Housing-Related Accommodations**

A pregnant student's on-campus housing status will not be altered based on pregnancy status unless requested by the pregnant student.

## **Pregnancy-Related Discrimination/Harassment**

Students who feel as though they have experienced discrimination or harassment as a result of their status as a pregnant student should report those concerns to the Title IX Coordinator as soon as possible. Complaints of harassment or discrimination can be made using the “General Concern/Incident” form located on the college portal.

#### **Service Animals**

In compliance with the ADA, service animals are welcome in all buildings on campus and may attend any class, meeting or other event. Students with disabilities desiring to live in the Residence Hall with the use of a service animal on campus must first contact the Disability Resource Center to register as a student with a disability. The Disability Resource Center will evaluate the disability and establish any additional accommodations appropriate to the functional limitations of the disability. The owner should provide the Disability Resource Center information as to how the service animal accommodates for the owner's disability.

The following guidelines apply to the use of service animals on campus:

1. Service dogs must be licensed in accordance with city and county regulations and wear a vaccination tag.
2. Other types of service animals must have vaccinations appropriate for that type of animal.
3. Service animals must be in good health and service animals to be housed in College housing must have an annual clean bill of health from a licensed veterinarian.
4. The owner must be in full control of the service animal at all times.

Reasonable behavior is expected from service animals while on campus. If a service animal, for example, exhibits unacceptable behavior, the owner is expected to employ the proper training techniques to correct the situation.

The owners of disruptive and/or aggressive service animals may be asked to remove them from the College facilities. If the improper behavior happens repeatedly, the owner may be told not to bring the service animal into the facility until appropriate steps have been taken to change the behavior.

Cleanliness of the service animal is mandatory. Daily grooming and occasional baths by a vet, groomer, or owner should keep service animal odor to a minimum. Flea control is essential, and adequate preventative measures should be taken.

Consideration of others must be taken into account when providing maintenance and hygiene of service animals.

### **Assistance Animals**

An assistance animal is any animal that works, provides assistance, performs tasks for the benefit of a person with a disability, or provides emotional support that alleviates one or more identified symptoms or effects of a person's disability.

An assistance animal does not necessarily need to be trained, and is not limited to any specific type of animal. An assistance animal is restricted to the residence of the individual, and may not accompany the resident to other areas of the college without permission.

Although it is the policy of State Fair Community College that individuals are generally prohibited from having animals other than fish in campus housing, the Disability Resource Center will consider a request by an individual with a disability for a reasonable accommodation from this prohibition to allow an assistance animal. However, no assistance animal may be kept in campus housing at any time prior to the individual receiving approval as a reasonable accommodation pursuant to this Policy.

State Fair Community College, in consultation with the resident, and other parties, as appropriate, may consider the criteria below in determining whether the presence of the animal is reasonable in the making of housing assignments for individuals with assistance animals:

- Whether the animal poses or has posed in the past a direct threat to the individual or others; Whether the animal causes or has caused excessive damage to housing beyond reasonable wear and tear;
- Whether the size of the animal is too large for available assigned housing space;
- Whether the animal's presence would force another individual from individual housing (e.g. serious allergies);
- Whether the animal's presence otherwise violates individuals' right to peace and quiet enjoyment;
- Whether the animal is housebroken or is unable to live with others in a reasonable manner.

The individual must provide written consent for the Disability Resource Center to disclose information regarding the request for and presence of the assistance animal to those individuals who may be impacted by the presence of the animal including, but not limited to, Residence Hall personnel and potential and/or actual roommate(s)/neighbor(s). Such information shall be limited to information related to the animal and shall not include information related to the individual's disability. State Fair Community College reserves the right to assign an individual with an assistance animal to a single room without a roommate upon availability.

## **Owner's Responsibilities**

Owners granted the accommodation of an assistance animal in their residence hall unit shall be subject to the following rules, in addition to any other college rules and regulations not specifically related to assistance animals. The owner must:

- Keep the animal in residence hall unit. An assistance animal must be contained within the owner's privately assigned individual living accommodations except to the extent the individual is taking the animal out for natural relief. When an assistance animal is outside the private individual living accommodations, it must be in an animal carrier or controlled by a leash or harness. Assistance animals are not allowed in any college facilities other than the college housing to which the resident is assigned.
- Keep the animal under control. The assistance animal must be properly housed and restrained or otherwise under the dominion and control of the owner at all times. No owner shall permit the animal to go loose or run at large. If an animal is found running at large, the animal is subject to capture and confinement and immediate removal from campus housing.
- Abide by laws and policies. The owner must abide by current city, county, and state ordinances, laws, and/or regulations pertaining to licensing, vaccination, and other requirements for animals. It is the owner's responsibility to know and understand these ordinances, laws, and regulations. The college has the right to require documentation of compliance with such ordinances, laws, and/or regulations, which may include a vaccination certificate. The college reserves the right to request documentation showing that the animal has been licensed. Additionally, the owner must abide by all equally applicable residential policies, such as assuring that the animal does not unduly interfere with the routine activities of the residence or cause difficulties for individuals who reside there.
- Ensure the animal is well cared for. The owner is required to ensure the animal is well cared for at all times. Any evidence of mistreatment, abuse, neglect, or leaving the assistance animal unattended for unreasonably long periods of time may result in immediate removal of the assistance animal and/or discipline for the responsible individual pursuant to the SFCC Student Code of Conduct and/or any housing-related sanctions within the Residence Hall Rules and Regulation. The college will not base this determination on speculation or fear about the harm or damages an animal may cause. SFCC personnel shall not be required to provide care or food for any assistance animal including, but not limited to, removing the animal during emergency evacuation for events such as a fire alarm. Emergency personnel will determine whether to remove the animal and may not be held responsible for the care, damage to, or loss of the animal. Additionally, assistance animals may not be left overnight in campus housing to be cared for by any individual other than the owner. If the owner is to be absent from his/her residence hall overnight or longer, the animal must accompany the owner. The owner is responsible for ensuring that the assistance animal is contained, as appropriate, when the owner is not present during the day while attending classes or other activities.

- Be responsible for property damage. The owner is required to clean up after and properly dispose of the animal's waste in a safe and sanitary manner and, when provided, must use animal relief areas designated by the college. An individual with a disability may be charged for any damage caused by his or her assistance animal beyond reasonable wear and tear to the same extent that it charges other individuals for damages beyond reasonable wear and tear. The owner's living accommodations may also be inspected for fleas, ticks or other pests if necessary as part of the college's standard or routine inspections. If fleas, ticks or other pests are detected through inspection, the owner will be billed for the expense of any pest treatment above and beyond standard pest management in the residence halls. The college shall have the right to bill the owner's account for unmet obligations under this provision.
- Notify the Disability Resource Center if assistance animal is no longer needed. The animal is allowed in campus housing only as long as it is necessary because of the owner's disability. The owner must notify the Disability Resource Center in writing if the assistance animal is no longer needed or is no longer in the Residence Hall. To replace an Assistance Animal, the new animal must be necessary because of the owner's disability and the owner must follow the procedures in this policy when requesting a different animal.

### **Removal of the Assistance Animal**

The college may require the owner to remove the assistance animal from campus housing if:

- The animal poses a direct threat to the health or safety of others or causes substantial property damage to the property of others, including campus property;
- The animal's presence results in a fundamental alteration of a college program; The owner does not comply with the owner's responsibilities set forth above; or
- The animal or its presence creates an unmanageable disturbance or interference with the campus community.

The Disability Resource Center will base such individualized determinations upon the consideration of the behavior of the particular animal and resident on a case-by-case basis, and in consultation with Residence Life, the resident, and other parties as appropriate. The college will not base this determination on speculation or fear about the harm or damages an animal may cause. Any removal of the animal may be appealed pursuant to the grievance procedure found in regulation 2160 and on the student portal. The owner will be afforded all rights of due process and appeal as outlined in that process.

Should the assistance animal be removed from the premises for any reason, the owner is expected to fulfill his/her housing obligations for the remainder of the housing contract.

## **Regulation 2115** **(Policy 2115)**

### **Nondiscrimination and Student Rights**

**Owner – Dean of Student and Academic Support Services**

#### **Confidentiality**

The Disability Resource Center treats as confidential any written material obtained to verify a disability, to plan for appropriate services, or to document services and contacts with this office. The following are guidelines used by the Disability Resource Center regarding disability related information.

All SFCC personnel (faculty, staff, and administration) are required to keep information regarding a student's disability confidential and any breach of this policy shall result in immediate disciplinary action.

All disability related information regarding students served by the Access Office will be maintained in a secure file cabinet in the Access office for three (3) years. Three years after the last date of a student's enrollment all materials in a student's folder in the Disability Resource Center will be destroyed.

The Disability Resource Center may release information to college officials on a "need to know" basis. The need to know must be based on compelling and legitimate educational reasons for the information disclosure. Faculty and staff do not need to know the student's diagnosis. College administration does not have direct access to disability files. Administration may gain disability or other disability related health information under supervision of the Dean of Student and Academic Support Services on a "need to know" basis.

Students who request services/accommodations acknowledge that some level of disclosure to select faculty may be necessary to provide the requested accommodation(s). Disclosure will occur with the student's specific written permission with the understanding that only necessary information for the purposes of accommodation will be communicated.

The Disability Resource Center will communicate to faculty that the student is registered with the Disability Resource Center and the specific accommodations the student is eligible to receive in the classroom. Instructors, staff, and administrators must ensure discussions of accommodation information occur in confidential settings. Students who disclose disability and other health information in a public setting may not hold the College accountable for the disclosure of confidential information.

Justifications for deviations from this policy, though rare, will be determined by the Disability Resource Center and the Dean of Student and Academic Support Services. In some instances, ethical guidelines, including the following instances, may require the Disability Resource Center to release confidential information without the student's consent: (1) when there is imminent (immediate) danger to the student or others; (2) when the College learns that a child, disabled adult, or elderly adult has been abused or neglected; and (3) when subpoenaed to release information to a court of law or when information is requested from an agency with investigative authority. Written documentation of these deviations will be maintained in the student's Disability Resource Center file for three years.

Anytime a student requests information to be released the student and the Access Office will complete an Authorization of Release form which includes the following: the name of the student, what disability information was released, who released the information, the date of the release, and how the information was released.

A student may request to review the contents of his/her own file. This review must occur in the presence of a Disability Resource Center staff member. All information in the file is the property of the Disability Resource Center. Students may receive copies of disability related records verifying the disability and the need for services and accommodation(s). Students must sign a release for the copies and an inventory list of all materials copied will be kept in the folder.

Grievances involving issues addressed in this regulation may be re-addressed through the Judicial Officer following guidelines outlined in Regulation 2160.

The Disability Resource Center and the Dean of Student and Academic Support Services will determine justifications for deviations from this policy. Documentation of these deviations will be maintained in the Disability Resource Center.

**(Policy 2116)**

### **Nondiscrimination and Student Rights**

#### **Students with Disabilities Testing Accommodations**

**Owner – Dean of Academic and Student Support Services**

**Contact – Disability Resource Center**

SFCC is committed to providing fair and appropriate testing accommodations for eligible students. Accommodations include, but are not limited to, extended test taking time, use of assistive technology, minimal distraction testing environment, oral tests, use of readers and the use of scribes. In order to be eligible for these accommodations, the student must provide the Disability Resource Center with the documentation that is required to determine eligibility as described in Regulation 2111.

#### **Disability Resource Center Responsibilities**

The process of determining reasonable and appropriate testing accommodations for qualified students with disabilities is a collaborative effort between the Disability Resource Center and the qualified student. The Disability Resource Center will evaluate the documentation, determine eligibility for testing accommodations, and meet with students on an individual basis to discuss reasonable and appropriate options. The Disability Resource Center also will work with faculty, with Testing Services, and with other departments to facilitate delivery of reasonable accommodations. Students may request a modification of their accommodations at any time. The Disability Resource Center will base the request of new or additional services on official documentation.

#### **Testing Services Responsibilities**

Testing Services has primary responsibility for providing appropriate testing accommodations for students with disabilities and offers students a reduced distraction-testing environment with study carrels and noise-reducing disposable earplugs.

Testing Services staff is available to proctor exams and quizzes on the main campus. For extended campus students the designated testing coordinator at these sites will coordinate the proctoring. The Disability Resource Center staff will approve all testing sites. Occasionally, with approval of the Disability Resource Center, faculty may proctor their own exams, especially for students whose accommodation is extended test time. All proctors will receive training from Testing Services Director.

SFCC is committed to providing fair and appropriate testing accommodations for eligible students. Accommodations include, but are not limited to, extended test taking time, use of assistive technology, reduced distraction testing environment, oral tests, use of readers and the use of scribes. In order to be eligible for these accommodations, the student must provide the Disability

Resource Center with the documentation that is required to determine eligibility as described in Regulation 2111.

### **Reduced Distraction Testing Environment**

The testing environment will be an environment with limited visual and auditory distractions consistent with reasonable accommodations of the student. A reduced distraction environment does not necessitate a private room be afforded to each student. Students with similar testing needs may share a room for testing purposes at the discretion of the test proctor. Students will be allowed to utilize earplugs or headphones at no cost. The proctor reserves the right to check the equipment at any point prior to or during the examination. The primary location of testing on the Sedalia campus is in the Yeater Learning Center Testing Services, Room 171. In extended campus environments, the reduced distraction testing environment is provided in unused classrooms and conference rooms.

### **Faculty Responsibilities**

Faculty will complete the Test Proctoring Form, which will document how appropriate testing accommodations for students with disabilities will be provided, including student name, date of the test, the name of the class and the teacher, the name of the test, the amount of extra time (if applicable), the location of the quiet room (if applicable), and the name and the title of the test proctor. Testing Services will maintain a copy of all Test Proctoring forms for a minimum of three academic years.

### **Confidentiality:**

The Disability Resource Center, Testing Services, administrators, and faculty will treat all test proctoring forms as confidential, in accordance with Regulation 2115 Nondiscrimination and Student Rights Equal Educational Opportunity Students with Disabilities Confidentiality.

Completed disability test proctoring forms, including all extended campus proctoring forms, will be retained through the Testing Services document management process.

### **Responsibility of Students**

1. The student must request accommodations from the Disability Resource Center every semester in a timely manner. The student will work with the Disability Resource Center staff to determine reasonable and appropriate accommodations for each class.
2. The student shall schedule appointments with Testing Services for testing accommodations with as much advance notice if possible, in most cases no later than three business days prior to the exam. Requested accommodations for standardized testing require in most cases at least three weeks' notice if possible.
3. If a student must cancel an arranged exam with Testing Center for any reason, it is the student's responsibility to notify Testing Services by telephone, voicemail or email in advance of the scheduled exam, if possible. This responsibility includes cancellations when the student decides

- to take the exam in class; when the test is cancelled by the instructor; or when the student drops or chooses to withdraw from the class.
4. If a student is ill or needs to reschedule exams for any other reason, or if a student misses an exam, the student is responsible for seeking their instructor's permission to reschedule the missed exam. The student must provide his or her instructor's written permission to Testing Services. The student also must schedule a new time agreeable to all parties (the student, the instructor, and Testing Services). Instructors are allowed to establish their own policies for make-up assessments and those policies must apply to all students and must be spelled out in the syllabus. For all students, the ability to schedule make-up exams is dependent on their instructor's policy.
  5. If the student is late for a scheduled proctoring for any reason, Testing Services or designated proctor will subtract the time missed from the total time allowed for the exam. Proctors will wait up to 20 minutes before determining the student is a "no show." The student shall inform the Disability Resource Center immediately if he/she believes a test accommodation has not been appropriately provided.

### **Responsibility of Instructors**

1. The Disability Resource Center will notify instructors about students who are eligible for accommodations each semester before accommodations may be implemented.
2. Instructors shall treat all information about a student's accommodation as confidential. Instructors should ensure that conversations about accommodations, even when initiated by the student, are conducted at a place and time that they may remain confidential.
3. Prior to tests, instructors will submit a Test Proctoring Form to Testing Services complete with the student's name, name of the test, date of test, the name of the class and course number and the instructor's contact information.
4. If an instructor plans a pop quiz the instructor shall complete the Test Proctoring Form. Leave the date and time blank and then notify Testing Services of the date and time of the pop quiz.
5. Faculty shall provide Testing Services a copy of the exam, quiz or other assessment no less than one business day in advance.
6. In order to ensure appropriate testing environments, faculty who prefer to proctor their own exams, typically for students whose accommodation involves extra time, receive prior approval from the Disability Resource Center to administer the exam outside Testing Services. Before providing that approval, the Disability Resource Center will ensure the faculty member has appropriate training, that the facility is appropriate for the accommodation, and that the student is in agreement with the accommodation arrangements.
7. Faculty members must contact the Disability Resource Center immediately if he/she has any issue or concern about accommodations. Any adjustment in accommodations must be approved by the Disability Resource Center.

### **Use of Readers**

Readers are approved persons who read aloud any materials to be graded. Readers may read aloud printed or computer based materials. Readers may read materials such as instructions, exam questions and multiple-choice answers. The reader is not permitted to tutor a student,

encourage a response or answer any questions that may affect exams integrity. The reader may not clarify instructions or questions, but may re-read any information requested by the student. A request for a reader should take place at least one week prior to the date of the accommodation, if possible, in order to ensure the needs of the student are met and to ensure Testing Services can have adequate time to locate a qualified reader.

### **Use of Scribes**

A Scribe is an approved person to write down answers that are provided by the student on any material to be graded. The scribe writes/types words verbatim as dictated. The scribe cannot edit or assist in the answering of any questions pertaining to the material tested. Students using scribes may be asked to spell or punctuate material in some cases. A request for a scribe should take place at least one week prior, if possible, to the date of the accommodation in order to ensure the needs of the student are met and to ensure Testing Services can have adequate time to locate a qualified scribe.

### **Large Print Format**

Documents can be enlarged to 11" X 17" with capability up to 200 percent of the original print size. Electronic information can be printed to individual font size needed. Technology is available for an individual user to access information from documents/materials in large print format on campus. ### **Grievance Process:**

Most grievances and appeals must utilize the procedure outlined below. However, details relating to the Title IX complaint/investigative processes can be found in Regulation 2929:

In most circumstances, the student may first attempt to resolve the issue informally with the appropriate student or employee involved. The Director of Student Success and Retention is available to help mediate resolution, to provide impartial advice and guidance on the process, and to discuss the issue. For complaints relating harassment or

discrimination based on a person's status as a protected class, or in situations regarding sexual misconduct, intimidation, retaliation, or threats of harm, informal resolution is not encouraged.

*(Note: Degree programs with specific accreditation requirements, such as the Nursing, Radiography, Dental Hygiene, Occupational Therapy and Physical Therapy programs, must follow those guidelines outlined in program handbooks prior to pursuing this process).*

1. If the issue cannot be resolved informally to the satisfaction of the parties involved, the student must present, a formal grievance in writing within 30 days of the incident/issue, and explanation of the situation to the Campus Judicial Officer. The Grievance and Appellate form, which is located in the college portal, is the best option for reporting such grievances and appeals.
2. The written grievance/appeal should include the specific complaint and a reference to the matter described in the bulleted items above. The burden of proof shall rest on the complainant/appellant, with the opportunity to present witnesses and other evidence, as needed. The Campus Judicial Officer will provide impartial, prompt and thorough investigation of the issue. All investigations will use preponderance of evidence as the evidentiary standard.
  - a. The primary Campus Judicial Officer is the Dean of Student and Academic Support Services, whose office is located in the Student Services Office in Hopkins Student Service Center. If the appeal involves grade changes or other academic concerns, the appropriate Academic Dean for the course will act as Campus Judicial Officer.
  - b. If a complaint should arise that includes the Campus Judicial Officer, the President will appoint a temporary, impartial substitute.
3. The Campus Judicial Officer will make a decision based on the evidence and thorough consultation with all parties involved within ten (10) business days of receiving the written grievance/appeal. The Campus Judicial Officer will then send notice to all parties of the outcome of the complaint, with specific information supporting the decision.
  - During this appeal period, the Campus Judicial Officer may impose interim measures on the student(s) until the process is complete, in accordance with Regulation 2610. Such interim measures can include, but are not limited to:
    - Temporary change of course schedule;
    - Temporary change of on-campus housing;
    - No-contact order on campus;
    - Temporary suspension from involvement in student athletics or activities;
    - Loss of campus privileges.
  - If the issue involves an employee, the Campus Judicial Officer will work with the Human Resources Director, who may impose interim measures on an employee until the process has been completed. Such interim measures can include:

- Temporary suspension with pay;
  - Temporary suspension without pay;
  - Temporary relocation of work station;
  - No-contact order on campus.
4. If the student is not satisfied with the decision of the Campus Judicial Officer, the student must submit a formal written Second Appeal using the Grievance and Appellate form. The complaint will then be presented to the Campus Issue Resolution Committee (CIRC) during a formal campus hearing. This appeal must include reasons why the student believes the decision of the Campus Judicial Officer should be overturned. The burden of proof shall rest on the complainant/appellant, with the opportunity to present witnesses and other evidence.

The CIRC will provide impartial, prompt and thorough investigation of the issue. This Second Appeal must be made within ten (10) business days of the decision of the Campus Judicial Officer, and must outline grounds for the appeal. The CIRC will return a decision within ten (10) business days of receiving the appeal and notify all parties involved of the outcome of their decision in writing. The decision of the CIRC will be final.

- a. The CIRC members will be appointed as needed by the President of the college and will include a faculty member, staff member, and a student.
- b. Each member of the CIRC will serve a one-year term, if feasible.
- c. If a complaint should arise that includes one of the CIRC members, or a member of the committee is unable to complete the one-year term, the President of the college will appoint a temporary substitute for that member.
- d. Appeals to the CIRC will be submitted on the Grievance and Appellate form, located on the college portal. The Executive Assistant to the Dean of Student and Academic Support Services will schedule the hearing with the student and CIRC, and notify all parties involved of time, date, and location of the hearing. Students who are unable to appear before the CIRC in-person can request a secure, confidential web-conference.
- e. Decisions of the CIRC will be decided by majority vote. The Executive Assistant to the Dean of Student and Academic Support Services will then disseminate the decision information to all involved parties. The written decision from the CIRC will include specific information supporting their decision.

Any individual participating in the formal grievance/appellate process is entitled to be assisted and accompanied to any meeting or hearing by a support person of his or her choosing. The support person will not be permitted to speak, testify, serve as a witness, or provide a statement on behalf of the individual, unless that support is needed to provide for a disability. If a chosen support person is unavailable to attend the hearing, the College can appoint a member of the campus community to serve in that role. The support person may not be an attorney unless an attorney representing the College is present. Any person

participating in the formal grievance/appellate process who requires disability accommodations should request such accommodations at the time the meeting/hearing is scheduled.

5. At any stage of the grievance/appellate process, including informal resolutions, if it is discovered that the College was discriminatory, the College will take steps to prevent the recurrence of the discrimination and will correct its discriminatory effects on the complainant/appellant and others, where appropriate.

### **Other Appeals**

Students may also file a complaint of discrimination on the basis of sex, disability, race, color, national origin or age with the Office of Civil Rights (OCR), Department of Education. The OCR can be contacted by email at [OCR.KansasCity@ed.gov](mailto:OCR.KansasCity@ed.gov). Such complaints must be filed in writing no later than 180 days after the occurrence of the alleged discrimination.

In addition, The Missouri Department of Higher Education serves as a clearinghouse for postsecondary student complaints. The MDHE complaint policy may be found at <http://www.dhe.mo.gov/documents/POLICYONCOMPLAINTRESOLUTION.pdf>.

This webpage contains information about the complaint process and includes instructions for how to file a formal complaint. Note that the policy provides that a student who wishes to file a complaint with the department must first exhaust all formal and informal avenues provided by the institution to resolve disputes.

### **Retaliation Notice**

Retaliation against a person who files a complaint or persons who participate in the grievance/appellate process is strictly prohibited and could result in sanctions under the Student Code of Conduct or other applicable college policies.

In most cases Reserve and National Guard members will be placed on orders when called to active duty. Reserve and National Guard members should produce a copy of their orders when requesting action of this regulation.

Active Duty members may also be issued orders when required to complete their assigned jobs. For example, an active duty member who is being deployed from their home station active duty location would normally receive orders. Active Duty members should also produce a copy of their orders when requesting action based on this regulation. Active Duty members that have conflicting military duty with SFCC classes and are not on orders should work with the Director of Student Success and Retention Services

If a military member falls into one of the areas above prior to the completion of the semester/term or similar grading period, that person shall be eligible for either:

1. A complete refund of all tuition and incidental fees charged for enrollment at that institution for that semester, or similar grading period; or

- fee charges and their student financial aid eligibility calculated effective with their official withdrawal date. They will receive a grade of WM.
2. That one or more courses for that semester be expunged from the student's academic record. Students taking this option will receive a complete refund of all tuition and incidental fees paid by the student for enrollment for that semester. Students who have received federal, state or institutionally funded financial aid must return all aid disbursed to them for the semester.

**OPTION (2) RECEIVE AN INCOMPLETE FOR ONE OR MORE CURRENTLY ENROLLED COURSES**

Complete all course work for the semester to the satisfaction of the instructor(s) and the institution. The grade of incomplete shall be converted to a failing grade if the person does not apply to complete the course work within six months of discharge, release from active military service or return to the home station. In the event the person cannot comply for medical reasons related to the active military service, such person may apply to complete the course work within three months of the end of the period of convalescence. Students choosing this option will not receive a refund of tuition and incidental fees paid by the student for enrollment for that semester. The student will have one complete semester after the return from duty or deployment to complete the remaining course work. The current instructor(s) will submit to the Registrar copies of the course syllabus, attendance, course work and itemized grade calculation. These documents will be retained in the Registrar's Office with a copy of the Military Withdrawal Form.

**FINANCIAL AID**

The Financial Aid Office will be contacted and informed of the student's status and official withdrawal date and may make adjustments according to federal, State of Missouri and institutional guidelines.

**SCHOLARSHIPS**

If such person has been awarded a scholarship to be used to pursue an academic program in any public higher education institution in Missouri and such person is unable to complete the academic term for which the scholarship is granted, that person shall be awarded that scholarship at any subsequent academic term, provided that the person returns to the academic program at the same institution at the beginning of the next academic term after the completion of active military service. If a student has any scholarships or other aid or award, he or she should contact the issuer to determine whether it will be applicable on his or her return and whether he or she will need to satisfy any other conditions.

The College will follow the legal restrictions of the felony conviction. Certain felony convictions may require that a person not be allowed within specific areas, programs, or within a physical distance of the various events held or administered on the College's campus. In such cases, the student may be restricted to taking classes online or not being allowed to enter specific programs or career fields.

Prior to acceptance to the college, a registration hold will be placed on the student's record, and the student will need to provide a background check and meet with the Dean of Student and Academic Support Services who will ensure that the legal restrictions are followed.

Adult Student – Any student who has attained the age of twenty-one (21) years.

District – The State Fair Community College District consisting of the following component school districts: Benton County R-I, Cole Camp; Benton County R-II, Lincoln; Benton County R-IX, Warsaw; Cooper County R-VI, Otterville; Pettis County R-IV, La Monte; Pettis County R-V, Hughesville/Houstonia; Pettis County R-VI, Smithton; Pettis County R-VIII, Green Ridge; Pettis County R-XII, Dresden; and Sedalia 200.

Residency or Resident Status – That status which is achieved when sufficient proof of a domicile within a state is present.

Unemancipated Minor Student – Any student who has not attained the age of twenty-one (21) years and who is under the care, custody, or support of the individual or individuals who have legal custody of the student.

**Evidence of Eligibility**

**Proof of Domicile within the District for Resident Tuition Purposes**

1. Presence within the District for a minimum of the immediate past twelve (12) months and the proof of intent to make the District residence a permanent residence for the indefinite period of time; or
2. Presence within the District for the purpose of retirement, full-time employment, professional practice, or conducting business full-time.

**Criteria to demonstrate intent to make a permanent home within the District:**

- Continuous presence within the District during periods in which the individual was not enrolled as a student; and,
- Property taxes paid for the previous year by the student, student's spouse, or student's parents or legal guardians at student's legal permanent address to the College district and one of the following school districts: Benton County R-I, Cole Camp; Benton County R-II, Lincoln; Benton County R-IX, Warsaw; Cooper County R-VI, Otterville; Pettis County R-IV, La Monte; Pettis County R-V, Hughesville/Houstonia; Pettis County R-VI, Smithton; Pettis County R-VIII, Green Ridge; Pettis County R-XII, Dresden; and Sedalia 200; or,
- Two (2) of the following documents: employment verification, proof of home ownership or intent to purchase a home, proof of lease, voter registration, auto registration, Driver's License; or,
- Presence within the District upon marriage and a marriage certificate with spouse's proof of residency following the above guidelines.

No single criterion will be determinative of student's entitlement to resident status for tuition purposes; rather the determination will be based upon review of all applicable criteria. The burden of proof of eligibility for in-district resident status rests with the student.

**Resident Status**

**Adult Student**

If a nonresident adult student presents sufficient proof of establishment of in-district domicile as set forth above, the student will be granted resident status at the first enrollment following establishment of in-district domicile.

### **Emancipated Minor Student**

- The domicile of an emancipated minor student will be determined as if he/she were an adult student.
- A minor student may become emancipated through marriage, formal court action, or proof of alienation of the minor student.
  - Absence of the minor student from the in-district domicile of the individual having legal guardianship does not, without more evidence, constitute proof of emancipation.
  - A minor student will not be considered to be emancipated if a second party other than a spouse takes the minor student as an income deduction.

### **Members of the Military Forces**

- Students will neither gain nor lose resident status solely as a result of military service.
- If a person is assigned to active duty, the individual as well as his/her spouse and unemancipated minor children will be considered District residents.
- If a member of the military forces is assigned under orders to attend the College as a full-time student, that person as well as his/her spouse and unemancipated minor children will be considered District residents.

### **Noncitizen Student**

- A noncitizen student must be legally authorized to work in the United States (i.e., work permit, permanent resident card) by federal authority before he/she will be considered for admission to the College.
  - This does not apply to those students on student (F1) visas.
  - Noncitizen students must meet all other residency requirements that apply to all students.
- Aliens and their dependents holding A or L visas may be granted District resident status if it is determined that they are designated individually as representatives of their government and that their education is not being funded by their government.

### **Unemancipated Minor Student**

- The domicile of an unemancipated minor student is presumed to be that of the individual(s) having legal guardianship of the student.

Once an unemancipated minor student has established District resident status under this rule, he/she may continue to qualify for resident status so long as he/she remains

continuously enrolled, excluding summer terms at the College, even if the individual(s) having legal guardianship of the unemancipated minor student ceases to reside within the District.

### **Offset of Taxes against Fees**

#### **District Taxes**

Non-district Missouri residents and nonresidents may offset against fees any real estate taxes paid to the District for the previous year

#### **State Income Taxes**

Nonresidents who pay Missouri income tax may offset against the nonresident fee an amount equal to the Missouri income tax paid the previous year. Regardless of the amount of income taxes paid to the state, the student will be required to pay the non-district Missouri resident fee.

Minor students may offset taxes paid by the individual(s) who has legal guardianship of those students as provided in the above paragraphs.

To benefit from these provisions, a student must furnish satisfactory evidence that the taxes have been paid.

### **Change of Resident Status**

In order to change resident status, students must submit a written request as well as sufficient evidence to substantiate the change to the Director of Admissions. The Director of Admissions will review the evidence and determine whether the request is justified. Students may appeal the Director's decision through the Student Grievance and Appellate Process as described in Regulation 2160. Tuition rates will not be changed mid-semester but will take effect for the next semester in which the student enrolls. Refunds will not be given for previous semesters.

It is the duty of the student to report the correct address on the application for admission and to inform the Academic Records & Registrar of all address changes. Students shall observe the following guidelines:

1. It is the duty of each student to pay applicable tuition and fees based upon his/her resident status.
2. If there is any possibility that according to the resident classification the student should pay higher or lower tuition and fees, it is the duty of the student to raise the question at the time of enrollment.

3. A student must present a government-issued photo ID to make a change in his/her address.
4. Any student or graduate who wishes to make a change in his/her legal name must present appropriate legal documentation (i.e., a court order, a Social Security card, a government-issued photo ID).

A student who intentionally gives false or inaccurate information on a Certificate of Residency or who fails to inform the Academic Records & Registrar of a change of address that alters his/her resident status will be subject to the following penalties:

1. The student may be dismissed from the College; and,
2. The student's record will not be released or certified until he/she has paid the appropriate tuition and fees based on the change in residency.

Students with work permits may be degree-seeking but will be expected to pass an English proficiency exam prior to acceptance.

**General Guidelines**

1. When a student attends a post-secondary institution of education, the parent/guardian rights under this regulation will transfer from the parent/guardian to the student.
2. The College will annually disseminate a notice of the rights available under this regulation to eligible students through the College e-mail account. The annual notification will also include a statement that the eligible student is entitled:

  - b. To request changes to the records to ensure that they are not inaccurate, misleading, or otherwise in violation of the student's privacy or other rights;

The College will not charge a fee to search for or retrieve a student's educational records.
6. If a student's educational records contain information on more than one student, the eligible student may inspect, review or be informed of only the specific information about him/her.
7. The College may disclose personally identifiable information with permission of the student from an educational record only on the condition that the party to whom the information is disclosed will not disclose the information to any other party without the prior consent of the eligible student. Each party to whom disclosure may be made under this regulation must first sign a statement in which he/she agrees to abide by this provision and agrees to use the information disclosed only for the purposes for which the disclosure was made. This does not apply to disclosures of directory information or to any information that the College is required to disclose under Missouri law.

**Procedures to Request Amendment of a Student's Educational Records**

3. If the Registrar decides not to amend the record, he/she shall inform the eligible student of that decision and of the student's right to request a hearing on the request.
4. If a hearing is requested, the College will hold the hearing within fourteen (14) business days after it has received the request and will give the eligible student ten (10) business days advance notice of the date, time and place of the hearing. The College will give the eligible student a full and fair opportunity to present evidence relevant to the issue(s) raised by the eligible student's request. 2. A major paper/project and/or the final exam are the only graded items not completed by the end of the term.

3. Required civic or military duty. The student must make the request through the instructor with the approval of the course dean as defined in Regulation 2180.
4. In extraordinary circumstances, relating to physical or mental health difficulties that prevent a student from completing but the instructor and the student both agree that the material missed may be made up.

In all cases where a grade of I is submitted, the faculty member and the student should complete a written agreement which clearly states the remaining obligations to the course and a deadline for submission. This documentation will need to be provided to the appropriate Dean when the change of grade is requested. For fall semesters, the change of grade request must be made by the last day of the following spring semester. For spring and summer semesters, the change of grade must be submitted by the last day of the following fall semester. After this time, if no change of grade is submitted, the grade of I will automatically become an F.

### **Change of Grade**

A change of grade can only be processed using the Change of Grade form located on the Faculty Tab in the Faculty Toolbox Channel. Change of Grades sent via email will not be accepted. The form must have original faculty member and dean signature. In the case of an already awarded grade of B, C, D, or F written justification will need to accompany the Change of Grade form. All change of grades must be completed and sent to the appropriate dean before the last class day of the following semester or term.

A Change of Grade may be submitted under the following conditions:

1. Calculation error
2. Entry error
3. Completion of course work when an I was assigned
4. Original grade was not submitted
5. Grade appeal

Submission of additional work after the course is graded is not a legitimate reason for a grade change.

### **Grade Appeals**

Grade appeals must be initiated using the Grievance and Appellate Process as outlined in Regulation 2160 within 30 days of the awarding of the original grade.

### **Requirements for Honors Graduation**

Academic honors may be awarded at commencement to Associate of Arts, Associate of Fine Arts, Associate of Arts in Teaching, Associate of Science and Associate of Applied Science degree graduates, based upon courses completed and cumulative grade point average at the end of the fall term. Final designation of honors will be based upon cumulative grade point average at the conclusion of the summer term. Honors are awarded at two levels based upon all courses completed:

1. Graduation with honors for a 3.60 to 3.84 cumulative grade point average, and
2. Graduation with highest honors for a 3.85 to 4.00 cumulative grade point average.

Professional certificate completers may graduate with distinction with a cumulative grade point average of 3.60 or higher.

Students who have been awarded Academic Forgiveness are not eligible for academic honors.

Students have until the first day of the term following their application term to complete all course requirements, all non- course requirements and submit any outstanding documents required for the certificate or degree. Students who have not completed all requirements and submitted all documents will be moved to the next term. The application for graduation is valid until the end of the summer term each year. If all graduation requirements are not met, the student must reapply.

### **Diplomas**

Diplomas are mailed to fall and spring graduates at the end of June and at the end of August for summer graduates after a final degree audit is conducted.

#### **1. Course substitutions may be allowed in any of the following situations:**

- a. A student plans to graduate at the end of the semester but the required course to graduate is not offered or was cancelled, or
- b. The required course is no longer offered by the college, or
- c. The course substituted is in the same area as the required course or in a closely related area.

### **Student Academic Achievement**

### **Student Academic Progress**

**Owner – Dean of Student and Academic Support Services**

#### **Contact - Registrar**

Students of the College are expected to make satisfactory academic progress. Students admitted to SFCC as transfer students must also meet satisfactory academic progress requirements. Both grades earned and hours attempted and completed are considered. The calculation of grade point average (GPA) will include all course credit hours for which the student is assessed grades of A, B, C, D or F.

Students must maintain satisfactory academic progress as defined below to remain in academic good standing:

1. Upon completion of 12-23.9 semester GPA hours – a minimum 1.50 cumulative grade point average.
2. Upon completion of 24-35.9 semester GPA hours – a minimum 1.75 cumulative grade point average.
3. Upon completion of 36-47.9 semester GPA hours – a minimum of 1.85 cumulative grade point average.
4. Upon completion of 48 and above semester GPA hours – a minimum of 2.0 cumulative grade point average.

#### **Academic Review**

1. If a student has not maintained satisfactory academic progress, the student will be placed on academic probation and be limited to enrolling in a total of 12 or less credit hours for the fall and spring semesters and total of 6 or less credit hours for the summer semester. Any student placed on academic probation who is currently enrolled in more than 12 credit hours for the fall or spring semester and more than 6 credit hours for the summer semester will be notified by the Student Success Center and advised to work with his or her Navigator to adjust the course schedule accordingly by a specific date. If a student's schedule is not adjusted accordingly by

2. the specified date, the Academic Records and Registrar Office will adjust the student's schedule to keep in compliance with Regulation 2530.
3. A student is allowed to enroll in courses for three consecutive semesters while on academic probation. When a student reaches the second and third consecutive semesters on academic probation, a Student Success Plan hold will be placed on the student's account to alert the student and the Navigator of the academic probation status. This hold will prevent the student from enrolling in courses during the subsequent semester. The student will be required to meet with the Navigator to create an Academic Success Plan, enroll in courses and discuss resources of the college in an effort to assist the student in performing in a more satisfactory manner.
4. A student will be placed on the first academic suspension after the third consecutive semester of academic probation if the student has not met the satisfactory academic progress requirements. The first academic suspension will result in the student being suspended from enrolling in courses at the college for one regular semester from the end of the semester suspended.

A student will be placed on a second academic suspension if the student has not achieved satisfactory academic progress as defined above. A second academic suspension will result in the student being suspended from enrolling in courses at the college for two regular semesters from the end of the semester suspended. A student will be placed on a third academic suspension if the student has not achieved satisfactory academic progress as defined above. A third academic suspension may result in the student being dismissed from the college.

Based on the suspension, a timeline for returning as a student is charted below:

<b>1 Semester Suspension</b>	
<b>Semester Suspended</b>	<b>Return Semester</b>
Fall	Following Summer
Spring	Following Spring
Summer	Following Spring

<b>1 Year Suspension</b>	
<b>Semester Suspended</b>	<b>Return Semester</b>
Fall	Spring of the following academic year
Spring	Summer of the following calendar year
Summer	Summer of the following calendar year

5. Re-admission to the college after a student has been suspended is contingent upon the student serving the required suspension time period and the ability to demonstrate that the conditions that precipitated the unsatisfactory progress have been corrected.

6. A student requesting to return to the college to take courses after serving the required time period for an academic suspension must submit a suspension appeal as defined in Regulation 2160 to the Dean of Academic and Student Support Services. Appeals must be completed at least five (5) business days prior to the start of the part of term for which the student is requesting to return. A student has the option to submit an appeal before the required time period for suspension has been completed.
7. If the appeal is approved by the Dean, the student's academic standing will be changed to continuing probation, the student will be limited to enrolling in a total of 6 or less credit hours for the fall or spring semester and a total of 3 or less credit hours for the summer semester, and the student will be required to follow the terms and conditions on the approval letter from the Dean. A Student Success Plan hold will be placed on the student's account to alert the student and the Navigator of the student's approval for continuing probation. The student will be required to meet with the Navigator to prepare an Academic Success Plan and determine courses to enroll in based on the appeal approval letter from the Dean.
8. Students who have been approved for continuing probation after returning from an academic suspension will be required to submit an appeal to the Dean for approval to enroll in courses each semester showing satisfactory academic progress is being made by earning a 2.0 semester GPA or higher in the previous semester. Students on continuing probation who do not earn at least a 2.0 GPA or higher in the previous semester will be placed on the subsequent academic suspension or be academically dismissed.
9. When a student is placed on academic probation or academic suspension, that academic standing remains in effect for the duration of the semester.
10. A student's academic standing is calculated at the end of each semester. When a student has met the satisfactory academic progress requirements and is back in academic good standing, the Student Success Plan hold will be removed, and the student will then be able to enroll in courses without restrictions.
11. The academic standing for a student who has been granted Academic Forgiveness as defined in Regulation 2531, will be exempt for the semester(s) approved. The student's current academic standing will be re-evaluated and updated to reflect this change at the time of the approval.

3. The student must have completed at least one semester and earned a minimum of 12 credit hours with a C or higher in each course and a State Fair Community College GPA of 2.0 or higher for all courses completed since returning to the college.
4. A petition for academic forgiveness will not be considered if a degree has been earned from State Fair Community College subsequent to the semester(s) in question.
5. All “forgiven” course work will continue to appear on the transcript but will not be included in the student’s State Fair Community College cumulative GPA, nor shall any course in the term be counted toward a degree granted by State Fair Community College.

6. A student's academic standing will be reevaluated per Regulation 2530.

### **Student Athlete Drug Screening**

State Fair Community College and the Athletic Department are focused on providing a safe, quality learning environment consistent with the highest standards of collegiate education and athletics. The National Junior College Athletic Association states "...that athletic participation is a privilege and that those athletes who use illegal performance enhancing and/or recreational drugs substantively violate that privilege and may impact the athlete's ability to take advantage of that privilege." Substance abuse harms the athlete's health, and may violate state and/or federal law and the College's student code of conduct. Therefore, State Fair Community College will educate student athletes of the implications of substance abuse, and will assist student athletes with substance abuse prevention and recovery. As part of this education and assistance, the College will randomly and with cause test student athletes for drug use.

This policy applies to both scholarship and non-scholarship athletes. Adherence to this policy is a condition of participation in intercollegiate athletics and in athletic scholarship eligibility at State Fair Community College. All players selected and agreeing to participate in athletics at State Fair Community College will be required to sign a Drug Screening Consent Form prior to the first practice. Failure to sign the form will result in declaration of the athlete as ineligible. As participation in a sport through the Athletic Department of State Fair Community College is a voluntary decision, any student athlete may choose to decline participation in said sport if he/she is unwilling to comply with provisions of the Student Drug Screening. No academic penalty or ineligibility to participate in other programs at the College may result from refusal to submit to this policy.

### **Drug Screening Process**

1. Screens to determine the presence of illegal drugs and/or performance enhancing substances will be conducted by urinalysis and will be administered only by the designated drug screening technician.
2. Drug screening will be both scheduled and unscheduled. Scheduled screening requires written notification of the time, date and location to each student athlete who is being screened. Unscheduled screening will be spontaneous; written notification is not required.
3. Drug screening will be conducted uniformly, randomly or with cause. For uniform drug screening, all members of a team will be tested. For random drug testing, a blind selection of athletes taken from current members of the team, will be conducted by the Campus Judicial Officer. Testing with cause will be conducted if a coach, faculty member or member of administration has reason to suspect drug use by a student athlete.

4. At least one member of each athletic team will be screened, either scheduled or unscheduled, uniformly, randomly or with cause, each semester. More screenings can occur at the discretion of the administration and/or the Athletic Department.
5. Drug screenings results may not be used for the purposes of criminal prosecution and will not be divulged to law enforcement without a valid court order.
6. Any positive drug screening will require a confirmation drug screening to ensure the reliability of the test results. In event the confirmation drug screening contradicts the original drug screening, the sampling result will be considered negative. In that case, the student athlete may be chosen for unscheduled or scheduled drug screenings at the choice of administration or the athletic department to again confirm the negative screening assumption.

### **Discipline Process**

A student athlete in violation of this policy, including those who refuse to comply with the policy, shall be subject to the following disciplinary procedures:

1. Student athletes who are found to be in violation of this policy, either by a positive drug screening result or refusal to submit to drug screening, shall be suspended immediately from the team and declared ineligible to participate in athletics at State Fair Community College.
2. For the first such violation as noted above, the period of suspension from all team participation will be 30 calendar days from the date of violation. For a second violation, permanent removal from team participation, scholarship eligibility and College enrollment will result.
3. In the event of a first violation of this policy, it shall be a requirement that the student athlete agree to submit to monthly drug testing as described under this policy, for the remainder of his or her team participation and/or athletic scholarship eligibility. The student athlete in question shall bear the financial expense of the monthly testing.
4. In the event of a first violation of the policy, it shall be a requirement that the student athlete successfully complete designated substance abuse counseling prior to the end of team suspension. Failure to successfully complete the substance abuse counseling will result in extension of the suspension until such time the counseling is successfully completed.
5. In the event of a first and/or a second violation of the policy, the College may release limited information about the screening results to the student athlete, the coach, the Athletic Director, Vice President of Educational and Student Support Services, the

College President, the Campus Judicial Officer, Student Success Office, parents or legal guardians of the student athlete if he/she is under the age of 21, family or team physicians, designated officials of the National Junior College Athletics Association, and designated officials of the U.S. Department of Education. Positive results may impact eligibility for federal financial aid. The official statement to the media will be that the student athlete is suspended for violation of team rules.

**Appeal Process**

Students found in violation of this policy may appeal discipline to the College Judicial Officer following the SFCC Grievance Process outlined in Regulation 2160.

**Student Drug Screening in Certain Academic Programs**

In order to maintain a working, learning and clinical education environment that is safe and healthy for students, faculty, staff, and the patients cared for by our students; to ensure a positive reputation of the College and its graduates within the community; to minimize the number of accidental injuries to person or property; and, to adhere to clinical site and regulatory requirements, potential and current students in allied health and in truck driving may be screened for drug and alcohol use.

Drug screenings will be performed on all admitted students prior to the start of clinical education. Drug screenings will be performed on all applicants for the truck driving program, and may be performed on students applying for admissions to allied health programs, with negative tests required for successful admission. In appropriate programs, random drug/alcohol tests may be requested throughout the year and testing also may be required if the student is involved in an accident, if he or she is observed using a prohibited substance, if he or she exhibits a severe and prolonged reduction in productivity, or for any other reasonable cause. If the initial testing is positive, a second test may be required.

**Drug Screening Process**

Drug screening processes will be defined by the appropriate program and will be defined in the program handbook. All tests will be performed at the students expense.

**Discipline Process**

Students who have positive results may be immediately dismissed from the program, referred to substance abuse counseling, or for random drug screenings.

**Appeal Process**

Students may appeal actions taken as the result of drug screening using as appropriate the Student Grievance Process, Regulation 2160.

### **Financial Aid**

#### **Federal Financial Aid Programs**

To determine eligibility for federal financial aid a student must submit a Free Application for Federal Student Aid (FAFSA) each aid year. To have the FAFSA results sent to SFCC the student will need to add our federal school code of 007628.

Students should check the student portal (mySTAR, Financial Aid Tab) to see if the College received their completed FAFSA. Receipt normally takes 10-14 days. If the application was selected for verification, the student must provide the requested documentation before aid eligibility can be determined. The needed documentation to complete the verification process will be listed in the student portal.

The student must complete his/her financial aid file before the student can receive financial aid. If the student wishes to qualify for a loan, he/she will need to request a loan through the student portal (mySTAR), complete the Master Promissory Note, and complete student loan entrance counseling.

In most situations, the financial assistance the student is eligible to receive is divided in half with half placed on the fall semester and the remaining half placed on the spring semester.

Federal financial aid funds are paid to SFCC student accounts on designated dates during each semester. These dates will be listed on the student portal (mySTAR, Financial Aid Tab). The college pays federal financial aid based on current hours attending and only after confirmation of attendance is provided by the instructor. Late starting classes may impact when and how much federal financial aid pays to the student account on the designated dates.

Any financial aid funds for a given semester in excess of tuition, fees, books or other charges on the student account will be mailed to the student within fourteen (14) days after the balance occurred.

Throughout the semester, adding or dropping classes may impact the student's financial aid. The student is encouraged to discuss his/her situation with a Financial Aid Advisor before adding or dropping classes. The award of financial aid is based upon the student attending classes throughout the completion of each semester. When aid is awarded for a semester and the student stops attending all of his/her classes or drops out, the student most likely will have to pay up to 100 percent of the financial aid and tuition and fees to the U.S. Department of Education and/or the College.

#### **State of Missouri Financial Assistance Programs**

To qualify for state financial assistance programs, a student must have submitted an Admissions Application to the College and other required items, as appropriate. In most cases, the student will need to complete a Free Application for Federal Student Aid (FAFSA). It is highly recommended that this financial application be completed by February 1<sup>st</sup> of each year. The FAFSA must be completed or updated each year for financial aid considerations. Students completing the FAFSA should note in their FAFSA paperwork the SFCC school code of 007628.

The A+ program is a program through the State of Missouri for students who have attended A+ designated high schools and who have met the A+ Program criteria as signified by the high school transcript bearing the raised A+ eligible designation.

A student who is eligible for the A+ Program must use that eligibility within four years (48 months) following the student's high school graduation date, as listed on the A+ high school transcript. Students providing service to any branch of the U.S. armed forces can defer eligibility beyond the 48 months if they return to full-time student status within 12 months of the end of their military service. Eligibility for A+ funds is limited to 105% of what it takes to receive the specific certificate or associate's degree the student is pursuing. Only the first associate degree sought by the student is eligible for A+ funding.

The student must ensure that the A+ high school transcript bearing the raised A+ eligible designation is sent to the College. No A+ funds can be credited to a student's account until that transcript is received from the high school. The FAFSA must be completed each year for ongoing A+ funding.

To continue eligibility a student must register for a minimum of twelve (12) credit hours per semester for fall and spring semesters or six (6) credit hours during the summer semester. The student must maintain a cumulative GPA of at least 2.5 on a four point scale. The GPA is calculated based upon on all classes taken except dual credit classes.

If a student were to lose his/her eligibility for A+ funds due to a low GPA, the student must complete enough hours to raise the cumulative GPA to at least 2.5 before the student will be eligible for additional A+ funds in addition to any additional eligibility requirements set forth by the State.

**Financial Aid****Scholarship Program**

The College offers a variety of scholarships which are awarded throughout the upcoming and, in some instances, current semester(s). Scholarships do not have to be repaid and are usually awarded on a competitive basis with scholastic achievement, merit, athletic and, in some cases, financial need as the main determinants. Scholarships based on financial need may require the completion of the Free Application for Federal Student Aid (FAFSA) annually.

Scholarships are funded through, institutional scholarships or endowed and patron scholarships. Each program has a different set of criteria, and some are awarded by an outside agency. Students must complete the appropriate Scholarship Application before the published deadline and meet the stated criteria to have the maximum consideration for a specific award.

The amounts of, endowed, or patron scholarships, are credited to the student's account. If there is a credit balance after all tuition and fees are paid, the College will send the balance to the student through the mail or direct deposited. However, if the student receives institutional funding, the student cannot receive institutional funds totaling more than 100 per cent of tuition and fees. Institutional scholarships can only be used for tuition and related fees unless specifically allowed in a particular scholarship.

#### **Work Study and Student Employment**

As part of a student's federal financial assistance, a student may be able to work to pay some college expenses. SFCC offers need-based job opportunities such as: on campus positions, community service and tutoring through the federal work study (FWS) program. A student must complete a Free Application for Federal Student Aid (FAFSA) to determine eligibility for the Work Study program, complete a work study application for employment, get hired for a specific position, and then start working in that position to receive funds from this program.

A Work Study award is an employment earnings allotment and represents an opportunity for a student to work part-time. It is not a guarantee of employment. In any given year 60-80 students may actually work under the federal work study program here at SFCC. Some positions may be located off campus also. Most FWS positions pay minimum wage and normally provide about 12 – 15 hours of work per week. Students are paid work study funds based on the number of hours worked during the pay period. At SFCC, student employees are paid every two weeks.

At SFCC, we package work study funds to any student who has stated on their FAFSA they were interested in the work study program and meet the basic requirement of having unmet need after subtracting the expected family contribution and any grants and scholarships from the student's cost of attendance.

The College looks at the federal work study program as a learning opportunity for the student. In the work study program hiring process, we try to mirror what the student would see if they were pursuing employment in the "real world". This gives the student an opportunity to complete a job application, do job interviews, and learn from these activities what prospective employers may be looking for in an employee. We do suggest that in addition to completing the job application, students talk to supervisors to let them know the student is interested in working in their area.

The normal process for a student to actually receive federal work study funds is to complete a SFCC job application through the SFCC website (also through link in myStar Financial Aid tab). Supervisors determine who they want to interview based on the job requirements and the information provided on the job application. Then based on the interview they determine who they want to hire.

**Veteran's Educational Benefits**

The College participates in the Veteran Education Benefit programs provided by the U.S. Department of Veterans Affairs (VA).

Veterans eligible for the various G.I. Bill® programs (Chapters 30, 32, 33, 35, 1606, and 1607) must apply for their benefits through the VA and provide a copy of the application or their certificate of eligibility to the Financial Aid and Veterans Services Office. Veterans using chapter 31 Vocational Rehabilitation benefits must ensure their VA counselor provides the College a copy of the authorization form.

The Office of Financial Aid has a designated Veterans' Advisor (also known as the school certifying official) to support the educational pursuits and the necessary guidance and paperwork for any veteran. Students who are on active duty or who are veterans should contact the Veterans' Advisor for consultation on the specifics of the GI Bill®.

Once the veteran is admitted to the College and is enrolled in their classes, the College's veterans' advisor will submit enrollment certification to the VA each semester. The veterans' advisor will also notify the VA of any enrollment changes that occur throughout the semester.

**Student Loans**

The College participates in the U.S. Department of Education's William D. Ford Federal Direct Loan Program. Direct Loans are low-interest loans for students and parents to help pay for the cost of a student's education after high school. The lender is the U.S. Department of Education though the entity a student will deal with, a loan servicer, can be a private business.

Generally, a student loan will cover a full academic year and the College will make at least two disbursements to the student, for example, about six weeks into each semester. Actual disbursement dates will be posted in the student portal (mySTAR).

In most cases the College will disburse loan money by crediting it to the student's school account to pay (tuition and fees, room and board, and other authorized charges). If the loan disbursement amount exceeds a student's school charges, the College will pay the remaining balance of the disbursement directly by check or direct deposit to a designated student bank account. The college will notify the student via email to the student email account each time we disburse part of the student's loan money. In that email, the College will provide information about how to cancel all or part of a student's disbursement if the student finds they no longer need the money. Students will also receive a notice from their loan servicer confirming the disbursement. Students should read and keep all correspondence received concerning their loan.

Students may use the loan money they receive only to pay for their education expenses. In general, education expenses include school charges such as tuition, room and board, fees and indirect expenses such as books, supplies, equipment, dependent child care expenses, transportation, and rental or purchase of a personal computer.

As with all federal student aid, students apply for Direct Loans by filling out the Free Application for Federal Student Aid (FAFSA). The information on a student's FAFSA is transmitted to the schools listed on the application. The College will use this information to assess financial need for student aid. A student must be enrolled and currently attending at least half-time (six credit hours) for loans to pay to their student account. The student must also be admitted to the College as a "regular" student in a program of study and meet the SFCC Standards of Academic Progress (SAP) and GPA to borrow a student loan. Any student with any College course work will be evaluated based on SFCC's Standards of Academic Progress and hours attempted towards degree completion. If a student has attended another college, the

**Regulation 2760**

**Policy 2760**

**Page 2**

student must provide transcripts from all colleges attended before loans can be paid to the student account. Providing transcripts helps ensure the Financial Aid Office has the correct grade level and correct SAP status assigned to the student.

Direct Loans must be requested and are not awarded as part of a larger "award package," which may contain other types of aid, to help the student meet the costs of going to college.

The College offers the following Direct Loan Program types of loans:

- Subsidized: for students with demonstrated financial need, as determined by federal regulations. No interest is charged while a student is in school at least half-time
- Unsubsidized: not based on financial need; interest is charged during all periods, even during the time a student is in school and during grace and deferment periods.
- PLUS: unsubsidized loans for the parents of dependent students and for graduate/professional students. PLUS loans help pay for education expenses up to the cost of attendance minus all other financial assistance. Interest is charged during all periods.

Student borrowers are not required to begin making payments until after they drop below half-time attendance.

The College will inform the student how much they may borrow and the types of loans they are eligible to receive through the award letter process. At SFCC, the award notification is sent via email and students may see specific award information through the student portal. For students without access to the student portal, award information is sent via the postal service.

A student may qualify to borrow up to \$5,500 (maximum of \$3,500 in subsidized and a maximum of \$2,000 in unsubsidized) per academic year as a freshman and a maximum of \$6,500 (maximum of \$4,500 in subsidized and a maximum of \$2,000 in unsubsidized) per academic year at the sophomore level. Students are classified freshmen (Grade Level 1) if they have earned between 0 and 29 credit hours. They are considered to be sophomores (Grade Level 2) when they have earned 30 or more credit hours.

A student is classified a dependent student if he/she did not answer yes to at least one of the dependency questions on the Free Application for Federal Student Aid (FAFSA).

**Regulation 2760**

**Policy 2760**

**Page 3**

Independent students can receive an additional unsubsidized Direct Loan of up to \$4,000 for the academic year.

Students apply for loans by completing the FAFSA, requesting their loan(s) through the student portal, completing a Master Promissory Note, and completing student loan entrance counseling. The Financial Aid Office will verify the student is enrolled in and currently attending at least half-time (six credit hours), making satisfactory progress, and attendance was confirmed by the instructors before releasing the proceeds to the student.

The student may choose to make interest payments while in school or may choose to defer the interest until repayment begins.

**Parents PLUS Loan**

Direct Loans are low-interest loans for students and parents to help pay for the cost of a student's education after high school. The lender is the U.S. Department of Education (the Department) rather than a bank or other financial institution. The Direct Federal Parent Loan for Undergraduate Students (PLUS) program, provide parents the ability to borrow an unsubsidized loan for dependent students. The PLUS loan helps pay for education expenses up to the cost of attendance minus all other financial assistance. Interest is charged during all periods.

Parents are eligible for a Direct PLUS Loan if they are the student's biological or adoptive parent or the student's stepparent, if the biological or adoptive parent has remarried at the time of application. The student must be a dependent student as previously defined who is enrolled at least half-time at the College. If a student is considered dependent, then the income and the assets of the parent have to be reported on the FAFSA.

To be eligible for a PLUS Loan, parents must not have an adverse credit history, which the U.S. Department of Education will check for when a parent applies for the loan. If a parent is found to have an adverse credit history, the parent may still borrow a PLUS Loan if they get an endorser who does not have such a history. An endorser is someone who agrees to repay the loan if the parent does not. The endorser may not be the student on whose behalf a parent obtains a PLUS Loan. In some cases parents may also be able to obtain a PLUS Loan if they document to the U.S. Department of Education's satisfaction that there are extenuating circumstances related to the parent's adverse credit history.

In addition, parents and their dependent child must be U.S. citizens or eligible noncitizens, must not be in default on any federal education loans or owe an overpayment on a federal education grant, and must meet other general eligibility requirements for the Federal Student Aid programs.

**Regulation 2760**

**Policy 2760**

**Page 4**

To take out a Direct Loan for the first time, the student must complete a PLUS Application and master promissory note (MPN). The MPN is a legal document in which the student promise to repay the loan(s) and any accrued interest and fees to the Department. It also explains the terms and conditions of the loan(s). The MPN will be provided either by the child's school or the Department. The student may complete the MPN electronically the StudentLoans.gov website. If the parent is borrowing Direct PLUS Loans for more than one student, they'll need to complete a separate MPN for each one. To complete an MPN online, the parent will be required to log in using a Federal Student Aid ID (FSA ID) (not student's). If the parent does not have an FSA ID, they may register for at the official FSA ID site.

In most cases, once a parent has submitted the MPN and it's been accepted, the parent won't have to fill out a new MPN for future loans a parent may want to receive to pay for the educational expenses of the same student. The parent can borrow additional Direct Loans on a single MPN for up to 10 years.

Parent's will receive a disclosure statement that gives them specific information about any loan that the College plans to disburse under the MPN, including the loan amount and loan fees, and the expected loan disbursement dates and amounts.

There are no set limits for Direct PLUS Loans, but a parent may not borrow more than the cost of the student's education minus any other financial aid received, such as a Direct Subsidized or Unsubsidized Loan. The College will determine the actual amount the parent may borrow based on that calculation. It is recommended parents discuss this with an SFCC Financial Aid Advisor to get a more complete picture of student costs.

The interest rate for Direct PLUS Loans is a fixed rate. Interest is charged on Direct PLUS Loans during all periods, beginning on the date of the loan's first disbursement. To find out more information on interest rates for Direct PLUS Loans, contact the loan servicer.

In addition to interest, parents will pay a loan origination fee that is a percentage of the principal amount of each Direct PLUS Loan the parent receives. This fee helps reduce the cost to the U.S. Department of Education of making these low-interest loans. The U.S. Department of Education will deduct the fee before the College receives any loan money, so the loan amount the parent actually receives will be less than the amount they have to repay.

Dependent students whose parents have applied for but were unable to get a PLUS Loan are eligible to receive additional Direct Unsubsidized Loan funds.

**Regulation 2760**  
**Policy 2760**  
**Page 5**

Generally, the Direct PLUS Loan will cover a full academic year and the College will make at least two disbursements to the student's account, for example, approximately four weeks into the fall and spring semesters.

In most cases the College will disburse the PLUS Loan funds by crediting it to the student's school account to pay tuition, fees, room, board, and other authorized charges. If the loan disbursement amount exceeds the school charges, the College will pay the student or the parent the remaining balance of the disbursement directly by check or by direct deposit to a designated bank account. The College will notify the student in via email each time we disburse part of the loan money and will provide information about how to cancel all or part of the disbursement if the student finds they no longer need the money. The student will also receive a notice from College confirming the disbursement. The student should read and keep all correspondence received concerning student loans.

Parents may use the loan money received only to pay for the student's education expenses at the College. Education expenses include school charges such as tuition, room and board, fees, and indirect expenses such as books, supplies, equipment, dependent child care expenses, transportation, and rental or purchase of a personal computer.

**Student Services****Students with Communicable Diseases****Owner – Dean of Student and Academic Support Services****Contact – Safety and Security**

Communicable diseases are spread by direct contact with an infected person, indirect contact with contaminated objects, and by airborne droplets or dust. Communicable diseases include, but are not limited to, measles, influenza, viral hepatitis-A (infectious hepatitis), viral hepatitis B (serum hepatitis), leprosy, and tuberculosis (TB).

The purpose of this regulation is to:

1. Minimize the risk of students acquiring or transmitting communicable diseases.
2. Protect the campus community.
3. Protect the confidentiality of students with a communicable disease.
4. Communicate guidelines and procedures to be followed when awareness of a communicable disease occurs.
5. Provide for an annual review of the Communicable Disease Policy in light of current information.

**GENERAL STATEMENT**

It is the intent of State Fair Community College to comply with all federal and state laws in connection with an individual who contracts a communicable disease. The College recognizes that students with communicable diseases may wish to engage in as many of their normal pursuits as their condition and ability to perform their duties allows, including attending classes or working. As long as these students are able to meet acceptable performance standards, and medical evidence indicates that their conditions are not a threat to others, the Administration of the College should be sensitive to their condition and ensure that they are treated consistently and equally with other students and employees. At the same time, the College has an obligation to provide a safe environment for the entire campus community.

A student who knows, or has reason to believe, he or she is infected with a communicable disease is expected to seek medical advice and conduct themselves responsibly in accordance with such knowledge for the protection of others. Students with a communicable disease are encouraged to report the condition to the Dean of Student and Academic Support Services so that the College can respond appropriately to their needs and the needs of others in the campus community who may be impacted. Students who are currently enrolled in a Health Sciences program should follow their program handbook in communicating exposure to or diagnosis of a communicable disease.

Every precaution should be taken to ensure that the student's condition does not present a health and/or safety threat to others. The fact that a student has a communicable disease does not relieve that individual of the requirement to comply with performance standards as long as he or she is enrolled in classes with the college. All reasonable efforts will be made to protect the student's right to confidentiality.

**GUIDELINES**

1. The College will make information on the prevention of communicable diseases available to students and employees.
2. A student's health condition is personal and confidential, and reasonable precautions will be taken to protect information regarding an individual's health condition. The Dean of Student and Academic Support Services, or designee, should be contacted if it is believed that the campus community should receive information about communicable diseases, if further guidance is needed in managing a situation that involves a communicable disease, or there is a concern about the possible contagious nature of any student's illness.
3. A student with a communicable disease may be required to provide current reports from his or her treating health care provider concerning the condition, whether the student should be in contact with the campus community, and if current health status permits attendance in classes or the performance of essential job-related functions. The College reserves the right to require a medical examination by a health care provider.
4. A student with a communicable disease may maintain residence on campus, attend classes or perform duties at the College if his or her presence does not pose a threat or danger to others in the college, or a significant disruption to the academic process.
5. Temporary removal of a student with a communicable disease may be made by the Dean of Student and Academic Support Services, or designee. The removal may be made summarily pending receipt of documentation by a medical professional indicating the student does not pose a substantial threat or danger to the campus community. The student shall receive written notification of the intent to exclude him or her from campus, and the procedural safeguards as set forth in the College's compliance plan for Section 504 of the Rehabilitation Act of 1973, as amended in 2008. The college will work with the student to allow him or her to complete his or her coursework in a manner that is reasonable and complies with course syllabus requirements.
6. Within three (3) working days of temporary removal, the Dean of Student and Academic Support Services, or designee, shall evaluate the risks associated with allowing the student to attend classes through review of medical documentation provided by the student and/or consultation with medical professionals, local, state or federal authorities.. The Dean of Student and Academic Support Services shall determine whether the student should:

- a. Be permitted to attend classes without restrictions;
  - b. Attend classes under stated restrictions and conditions; or
  - c. Be excluded from attending classes and provided an alternative educational program as long as the condition is covered by the ADA Regulations.
7. The Dean of Student and Academic Support Services will prepare and present to the student a written plan which outlines the expectations, earliest time the student may be allowed to return to class, and any further documentation required at that time.
  8. If a student may have been exposed to a communicable disease, he or she is encouraged to follow the recommendations of his or her primary care physician or other health care provider and contact the Dean of Student and Academic Support Services as soon as reasonably possible. Students currently enrolled in the Health Sciences programs should follow the guidelines published in their respective student handbook.
  9. Students diagnosed with a communicable disease who need information about contacting a local health care provider should contact the Director of Student Success and Retention Services for a list of appropriate community resources.

If a student demonstrates a medical emergency, staff members should make an effort to help the student be comfortable and should call for appropriate support to handle the emergency. If the staff member giving aid determines that emergency medical professionals are needed, 911 should be called immediately. The caller should be prepared to give the operator as much information as possible about the emergency and the student. After the medical emergency has been handled, the staff member must complete an incident report, gathering as much information as possible from others who may have known the student or who were giving aid. ### **Voluntary Confidential Reporting**

SFCC does not have a voluntary confidential reporting system for annual crime statistics. In addition to aiding in the prosecution of criminal activity, the following are reasons to promptly report crime:

- Timely notification about certain types of crime may affect the safety of others. These crimes include murder, rape, sexual assault, burglary, robbery, motor vehicle theft and arson.
- When you make your report, you assist Campus Safety and Security in maintaining accurate records of the incidence of crime on campus. This information helps to keep the campus safe by providing the most accurate information on criminal activity to members of the campus community.

### **Limited Confidential Reporting to Counselors**

SFCC professional counselors/social workers, when acting in such capacity, will inform students of the reporting process and encourage students to self-report incidents or alleged crimes to Campus Safety and Security in order to accurately disclose crime statistics in the Annual Safety Report. Professional counselors/social workers will report the type, approximate date and number of reported crimes to Campus Safety and Security without any personally identifiable information regarding the person from whom the disclosure was made. Privileged information will only be reported to Campus Safety and Security with the student's written approval or if the licensed professional counselor/social worker feels the incident requires immediate attention for the safety of others.

## **Preparation and Reporting of the Annual Disclosure of Crime Statistics**

Preparation of the annual disclosure of crime statistics and publication of the Annual Safety Report and Annual Fire Safety Report as required under the *Clery Act* is the responsibility of the Dean of Student and Academic Support Services. The full text of this report can be found on the SFCC website. This report is prepared in cooperation with local law enforcement, campus safety and security, directors of extended campuses, CSAs and other members of the campus community.

Campus crime and fire statistics include those reported to Campus Safety & Security, CSAs and local law enforcement agencies. Documentation and preservation of this data and data collection methods will be maintained by the Dean of Student and Academic Support Service for a period of seven calendar years.

Each year the campus community is notified by email and online announcement when the Annual Disclosure of Crime Statistics, Annual Safety Report and Annual Fire Safety Report is published, which is to occur not later than October 1.

## **Clery Geography**

In compliance with the Clery Act, SFCC maintains records of all on-campus, on-campus housing and non-campus properties for which the college has ownership or substantial control. A list of such properties is available in the Dean of Student and Academic Support Services Office. An annual count of reported crimes occurring on such properties, as well as public properties immediately adjacent to such properties, is available on the Safety and Security page of the SFCC website. Printed copies can be requested from the Dean of Student and Academic Support Services at 660-596-7393, or in-person in the Hopkins Student Services Center, Room 756.

**Ongoing Disclosures**

In addition to the Annual Safety Report, SFCC maintains daily crime logs at campus locations where a Campus Resource Deputy or other contracted safety personnel are stationed. A daily fire log for the Sedalia Campus Residence Hall is maintained by the Student Life Director. Appropriate warnings and emergency messages are sent by email, text message, through social media, and via the campus emergency broadcast systems when warranted, as noted below.

**Daily Crime Log**

The Campus Resource Deputy updates a Daily Crime Log for the Sedalia Campus based on crimes reported to Campus Safety and Security. The crime reports reflected on the Daily Crime Log are not restricted to those definitions included on the Annual Safety Report. The Daily Crime Log is updated within two college business days of any reported crimes and updates to entries on the Daily Crime Log can be made up to 60 days following a reported crime.

Daily Crime Logs are archived for seven years in the office of the Dean of Student and Academic Support Services. Recent Daily Crime Logs are available for review in the Dean of Student and Academic Support Service's office, and any Daily Crime Logs older than 60 days will be made available within two college business days of the request to review in the Dean of Student and Academic Support Services Office in the Hopkins Student Services Center, Room 756.

**Daily Fire Log**

The Director of Student Life will maintain a Daily Fire Log which includes fires in the Residence Hall which were reported while burning, after extinguished, and those necessitating a 9-1-1 call. Entries to the Daily Fire Log will be made with two college business days of the fire event. The most recent 60-days of entries will be available for review upon request, while requests to review Daily Fire Log records more than 60 days old will be available no more than two business days following the request. Requests should be made to the Director of Student Life at 100 Roadrunner Court

## **Timely Warning**

In the event a situation arises in which a crime is occurring or has recently been reported to have occurred on or nearly SFCC's Clery geography, and represents a serious or ongoing threat to the safety of the campus community or property, a campus-wide Timely Warning will be issued. The Campus Judicial Officer is responsible for making the determination for when a Timely Warning is to be issued. The need to issue a Timely Warning will be made on a case-by-case basis and may require consultation with, or confirmation from, local law enforcement regarding the reported incident.

In cooperation with Campus Safety & Security, the Department of Marketing and Communications, and the appropriate Crisis Management Team members, a brief message will be drafted and distributed by SMS text messaging, SFCC email, social media, SFCC campus portal and/or the campus emergency broadcast system. Timely Warnings will be made as soon as the pertinent information is available in order to aid in the prevention of similar crimes.

Timely Warnings will not include confidential and/or potentially identifying information of victims, particularly those who have been impacted by dating violence, domestic violence, sexual assault or stalking. When reasonably possible, communication will be attempted to Reporting Party/Complainant to make them aware Timely Warning is going to be issued.

## **Emergency Notification**

An Emergency Notification will be sent any time a significant emergency or dangerous situation involving an immediate threat to the health and safety of the campus community has been identified. Emergency Notifications can be issued for situations such as natural disasters, severe weather, terrorist attacks, and other hazards, both on and off campus. The determination for when to issue an Emergency Notification is the responsibility of the Campus Judicial Officer. Before an Emergency Notification is made, the Campus Judicial Officer, in consultation with the Crisis Management Team, the Campus Resource Deputy and local authorities, must confirm the significance of the threat and identify which segment of the campus community is to be notified (i.e., specific buildings on campus, extended campus locations, Residence Hall, etc.). SFCC may temporarily withhold an Emergency Notification only if issuing such communication would compromise efforts to assist a victim or to contain, respond to or mitigate the emergency. The determination of when to release and when to withhold an Emergency Notification will be the responsibility of the Campus Judicial Office, and will be made on a case-by-case basis.

Without delay and taking into the consideration of the safety of the campus community, a notification will be drafted and distributed via SMS text messaging, SFCC email, social media, SFCC campus portal and/or the campus emergency broadcast system. When applicable, Emergency Notifications will contain evacuation and/or shelter instructions. The Campus Judicial Officer, in cooperation with the Director of Marketing and Communications, will provide regular

updates to the campus community throughout and/or upon conclusion of the significant emergency or dangerous situation.

### **Public Safety Announcements**

Because the safety and security of the campus community is of critical importance, SFCC will issue Safety Alerts when circumstances arise that are not related to crimes (Timely Warning) or dangerous situations (Emergency Notifications). Incidents which may be of importance or concern to the campus community, as well as tips for preventing crime and promoting personal safety, will be shared by SFCC email, campus portal, campus or building specific bulletin board notices and announcement. Safety Alerts will be drafted by the Campus Judicial Officer, in cooperation with the Campus Resource Deputy, local law enforcement and the Director of Marketing and Communications. Safety Alerts are intended for information only and may not be otherwise bound by specific timelines as they represent situation that are not of high urgency and do not pose immediate threats to the campus community.

The following forms of media will be used on a case-by-case basis.

- Radio
- Newspaper
- Television

Included in these presentations will be standards and expectations regarding alcohol and other drug use as outlined in the Student Code of Conduct and Employee Handbook, description of federal, state and local laws and sanctions for violations, descriptions of the health risks associated with alcohol and other drug use, as well as options for seeking treatment locally. These presentations can be conducted during mandatory Residence Hall meetings, professional development events, guest lectures to classrooms and student organization meetings, and upon request throughout the academic year. Such presentations can be delivered by the Campus Resource Deputy, local law enforcement personnel, or professionals in the community with expertise in alcohol and other drug prevention, response and/or treatment. These programs should be coordinated through Campus Safety & Security and the Student Life Coordinator.

Per *DFSCA* requirements, and in an interest to meet the needs of the campus community, SFCC will conduct a biennial review of its substance abuse awareness programs in order to determine effectiveness and opportunities for improvement, and to help ensure consistent enforcement of the Student Code of Conduct for alcohol and other drug use-related violation to the Student Code of Conduct and Employee Handbook. The biennial review is the responsibility of the Dean of Student and Academic Support Services, and is conducted in collaboration with the Director of Student Life, the Campus Resource Deputy, and the Executive Director of Human Resources, or designees. A copy of the biennial review will be available for review in the Dean of Student and Academic Support Services' office located in the Hopkins Student Services Center, Room 756.

## **Programs/Campaigns on Dating Violence, Domestic Violence, Sexual Assault and Stalking**

Creating a campus environment in which everyone feels safe to learn and work is a top priority for SFCC. As a result of this commitment, the College prohibits dating violence, domestic violence, sexual assault, and stalking, as defined under the *Violence Against Women Act* (VAWA) amendments to the *Clery Act*. Each year, SFCC will present both primary prevention and awareness programs and ongoing prevention and awareness programs/campaigns for both students and employees related to dating violence, domestic violence, sexual assault and stalking, or intimate partner violence.

### ***Primary Prevention and Awareness***

The goals of primary prevention and awareness is to stop intimate partner violence before it occurs, change social norms and stereotypes related to intimate partner violence, and to promote positive and healthy relationships. Presentations to new students and employees will provide information on the legal and policy definitions relating to intimate partner violence, as well as the College's definition of consent in reference to sexual activity. Primary prevention programs also introduce new students and employees to safe and positive options for bystander intervention and risk reduction. Lastly, such programs outline procedures for reporting incidence of intimate partner violence, as well as the College's procedures for responding to such reports, and the investigative and disciplinary processes. These presentations are made during New Student Orientation, New Employee Orientation, mandatory Residence Hall and athletic team meetings at the beginning of each semester. Such presentations can be delivered by Campus Safety and Security, the Campus Resource Deputy, local law enforcement personnel, or professionals in the community with expertise in prevention and response to intimate partner violence.

### ***Ongoing Prevention and Awareness***

The goal of ongoing prevention and awareness programs and campaigns is to continue the dialogue about intimate partner violence through events and activities throughout the academic year. Such events and activities can include targeted communications (such as posters, bulletin boards, social media posts, etc.), presentations coordinated with local advocacy/prevention organizations, booths at campus events, participation/observance in national campaigns and events and classroom presentations. These programs should be coordinated with the Student Life Coordinator and can be delivered by any number of individuals or organizations.

**Sexual Misconduct**

**Owner- Dean of Student and Academic Support Services**

**Contact- Safety and Security**

In compliance with both Title IX and the Clery Act, State Fair Community College (SFCC) maintains processes designed to address concerns of sexual misconduct, including dating violence, domestic violence, sexual assault and stalking. In addition, the College is committed to providing a learning, working and living environment which promotes mutual respect and is free of discrimination on the basis of sex. SFCC considers sex discrimination and sexual harassment forms of sexual misconduct, and are subject to the processes outlined below.

**Reporting Sexual Misconduct**

Members of the campus community who have been impacted by or have witnessed sexual misconduct are encouraged to report such incidents in the same manner as any other campus crime, including but not limited to, calling local law enforcement or dialing 9-1-1, reaching out to Campus Safety and Security, contacting a Campus Safety Authority (CSA) or completing an incident report form located on the SFCC website or on the SFCC portal.

Though individuals impacted by dating violence, domestic violence, sexual assault or stalking are strongly encouraged to seek medical attention for the preservation of evidence and make a report to local law enforcement, they are not required to do so. Campus Safety and Security can be available to assist students and employees with making a report to local law enforcement and can refer students to other sources of support in the community (such as counselors, shelters, Victim Advocates, etc.), as needed.

### **Responding to Sexual Misconduct**

When a report of sexual misconduct is received, it is the responsibility of the Title IX Coordinator to determine if the conduct is a violation of SFCC policy and regulations, and what degree of formal response is necessary. Additionally, the Campus Judicial Officer must determine if a notification to the campus community is warranted for the safety of others and to prevent similar crimes from occurring. If it is determined that a threat to the campus community exists, notifications will be made without any personally-identifiable information regarding the person impacted by the incident.

### ***Campus Support Services***

The Title IX Coordinator will reach out to the person impacted by the incident of sexual misconduct (Complainant) to provide advice regarding rights and options for receiving support services and/or pursuing the formal campus investigative process. The Complainant has the right to refuse any support services or involvement in the investigative process without penalty. However, the Title IX Coordinator may proceed with an investigation without the involvement of the Complainant only if the reported incident represents a pattern of behavior, involves violence or the threat of violence, use of a weapon, evidence of predation, or the Complainant is a minor.

If the Complainant chooses to receive support services on campus, confidential, short-term counseling at no cost from a professional counselor is available. Counseling for students can be provided by a professional counselor, while employees should contact Human Resources for community-based counseling options. Complainants can request reasonable accommodations including changes to their academic schedules, work stations, or campus housing assignments, as available. The Director of Student Success and Retention Services will make the determination of which accommodations are reasonable on a case-by-case basis and will assist with such requests. If reasonable accommodations cannot be made, the Title IX Coordinator will be responsible for making other arrangements with campus departments so that no Complainant is penalized as a result of being impacted by sexual misconduct. This could include, but is not limited to, receiving an incomplete grade for a term, requesting refunds of tuition and fees, etc.

***Investigative Process***

If the Complainant chooses to pursue formal action in regards to the reported sexual misconduct, the Title IX Coordinator will meet with the individual to discuss options for action which can include, but are not limited to, mutually-agreed upon arrangements between both Complainant and Respondent (informal resolution) or a formal investigative process which could lead to College-imposed sanctions. If the reported sexual misconduct is also the subject of a criminal investigation, the Title IX Coordinator need not wait for the conclusion of a criminal investigation to begin a campus investigation.

When the decision to pursue a formal campus investigation is made, the Title IX Coordinator will:

- Secure a written statement from the Complainant regarding the reported incident of sexual misconduct;
- Provide written notice to the individual(s) reported to have engaged in the reported sexual misconduct (Respondent), to include a campus “no contact order” and advice regarding next steps in the process;
- Work with appropriate college departments and officials to request Interim Measures, as needed, during the investigative process. Interim Measures are intended to keep Complainant and Respondent separated, while continuing to provide equitable access to classes, campus resources and programs; and
- Assign a team of trained investigators to conduct a prompt, fair, impartial and thorough investigation. Though there is no required timeline for completing a campus investigation of sexual misconduct, it SFCC’s goal that any campus investigation be completed within 60 days if reasonably possible. However, the thoroughness and completeness of the investigation and corresponding investigative report, will not be compromised in favor of efficiency.

Once the Title IX investigative process begins, the Investigative Team will:

- Conduct interview with the Complainant, Respondent and witnesses, as needed, based on the written complaint;
- Allow both the Complainant and Respondent to review and respond in writing to evidence gathered in the process, including but not limited to, interview summaries;
- Prepare a report to be presented to the Title IX Coordinator, including specific SFCC policy and regulations which are reported to have been violated, summaries of all relevant evidence, as well as disputed and undisputed facts. Both Complainant and Respondent have the opportunity to review the investigative report prior to final determination of responsibility, and provide written response/rebuttal before the report is submitted to the Title IX Coordinator.

At the conclusion of the investigative process, the Title IX Coordinator will:

- Review the final investigative report and supporting documentation, and make a determination of “responsible” or “not responsible” for sexual misconduct according to the SFCC policy and regulations using the **preponderance of evidence standard**. The preponderance of evidence means that the weight of all evidence presented indicates it is more likely than not that the incident of sexual misconduct occurred and is a violation of College policy and regulations;
- Contact both the Complainant and Respondent simultaneously regarding the outcome of the investigation and the determination;
- If a determination of responsibility for sexual misconduct is reached, the Title IX Coordinator will conduct a disciplinary hearing and impose an appropriate sanction, as well as advise the Respondent of the right to appeal the determination or the sanction, or both.
- If a determination of no responsibility for sexual misconduct is reached, the Title IX Coordinator will advise the Complainant of the right to appeal the determination.

***Rights of the Complainant and the Respondent***

Throughout the sexual misconduct investigative process, both Complainants and Respondents are entitled to:

- Written notification of options for assistance with changes to academic, housing, and working situations, or other interim measures;
- The Complainant has the right to pursue criminal charges at any point during a campus investigation. Participating in a campus investigation does not limit one’s ability to take other legal actions;
- The Complainant and Respondent have the same right to have a support person present during any part of the investigative process or disciplinary hearing. If a support person of choice is unavailable, either party can request the College appoint a trained advisor to be present; and
- The Complainant and Respondent have the same right to request disability-related accommodations, similar to those received in the classroom, throughout the investigative process.

#### **Drugs and Alcohol and Tobacco Products**

The College has the responsibility to maintain a working and learning environment that is free from the effects of alcohol and illegal drugs. In compliance with Public Law 101-226, information detailing the College's substance abuse policy is distributed during the beginning of each semester to all credit seeking students both on- and off-campus through the Student Handbook/Planner. The following information contains information which can assist students in understanding the health hazards and the legal penalties attached to substance abuse.

The effects of illegal and/or abusive use of controlled substances are harmful to the general public health and well-being. An individual's learning and working productivity can be impaired and emotional imbalance can result in irrational behavior that is threatening to one's self or to others.

Violations of Drugs and Alcohol and Tobacco Products policy will result in appropriate disciplinary action (consistent with local, state and federal law) according to the established procedures (Policy 2610). Permanent suspension from school attendance, termination of employment and/or referral for prosecution may be the consequence of infractions of this policy. Loss of eligibility for financial aid may also result.

Violations of the laws governing controlled substances have varying penalties. Under Missouri law, possession of a controlled substance is punishable by a prison sentence of up to seven years and a fine of \$5000. Distribution is punishable by a prison sentence from five to fifteen years. For repeat offenders or those guilty of offenses involving a large quantity of drugs, the range of punishment is higher.

Students who need support in locating professional assistance, counseling and/or rehabilitation programs may request information from Counseling Services within the Office of Student Services. Such contacts will be handled with confidentiality. However, volunteering to participate in treatment programs may not of itself prevent disciplinary action for violation of the Drug and Alcohol and Tobacco policy.

The Director of Student Success and Retention Services will assist with referrals upon request. There are a variety of community resources available for counseling and assistance with alcohol and/or substance abuse issues.

#### **Food Service**

Food Service will offer to all students – resident or nonresident – and to faculty and staff food services at a reasonable cost. The residence hall students are required to purchase the minimum board plan each semester offered by Food Service which includes a value added amount determined each spring for the following academic year. A value added amount is also available to faculty and staff. Unused balances do not carry over to the subsequent semester.

Food Services will provide a catering service and will have published prices for various menu items, number of people served, for service provided at the event and will communicate the total of these prices before services are provided. The published guide of these services and associated pricing will be available to College community on the Food Services' Website. Appropriate paperwork must be completed by the requestor within the allotted time frame to ensure that food requests and desired services can be fulfilled.

It is expected that personnel on the College campus who are hosting an event where food is included in the program will work with Food Services first for their catering needs. Food Services has the first right of refusal for events including food on campus. External events that include food in the program held on campus must first allow the College's Food Services program first right of refusal.

#### **Student Organizations**

**Owner – Dean of Student and Academic Support Services**

**Contact – Coordinator of Student Life**

#### **Approval Process**

Students, faculty or staff who are interested in establishing a new student organization may do so by securing a copy of the Student Organization Handbook located on the SFCC Web site. The handbook contains the appropriate forms and procedures to follow to receive official recognition for a new organization. Official recognition will result in the organization receiving privileges giving access and support to many of the College's services and space.

Each potential new organization must submit a constitution and bylaws along with a Charter Request listing the initial officers and organization sponsor/advisor. The sponsor/advisor(s) must be an SFCC faculty or full-time staff member(s). Staff must obtain approval from their supervisor.

Once the constitution, bylaws and Charter Request are complete, organizers must submit these documents to the Coordinator of Student Activities. Within one week of receiving the documents, the Coordinator will determine whether the new organization fits within the mission of the College and all appropriate documentation has been submitted. If there are missing forms, the Coordinator will notify the sponsor/advisor(s). If all is in order, the Coordinator will send an official confirmation letter to the President and sponsor/advisor(s) of the organization. In addition, the Vice President for Finance, Administration and Human Resources will be notified of the official approval of the new organization so that an organizational account can be established in the Business Office.

#### **Revocation of Status**

The Student Government Association or Coordinator of Student Activities reserves the right to suspend a student organization that is not considered to be operating in the best interest of the College. An organization whose recognition is revoked will lose its charter and have its accounts frozen.

The following criteria may be used to revoke an organization charter:

- the organization held no meetings or had no transactions for (1) year;
- the organization carried on activities requiring SGA approval without prior approval;
- the organization established an off-campus account;
- the organization conducted discriminatory practices. Organizations recognized by the College may not discriminate membership or participation practices based upon factors related of race, color, national origin, sex, disability, religion, sexual orientation, veteran status, political views, or age in its programs and activities or in employment.

- the organization has carried out an activity deemed to be not in the best interest of the College;
- while the Student Government Association does not dictate how student organizations use funding they receive from the SGA, funding should not be distributed to students, faculty, or staff unless reimbursement for goods or services is appropriate. In such cases, proper receipts are required and approval by the Dean of Academic and Student Support may also be needed.

**Appeal process**

If a Club or Organization doesn't agree with the decision made, they have the right to appeal the decision. The appeal will be heard by the Director of Student Life.

- the club or organization must submit in writing with documented statements or proof as to why they are appealing the decision;
- the appeal must be made 3 business days after the determination has been delivered to the club or organization;
- The Director of Student Life will schedule a meeting with the club or organization to have their voice be heard within 7 business days after receiving the written letter;
- The Director of Student Life will send out a letter to both the club or organization and Student Government Association with the decision reached within 3 business days of the meeting.
