Why Diagnostic Medical Sonography?

Sonographers are medical professionals who operate ultrasonic imaging devices to produce images, scans, videos, or 3D volumes of anatomy and diagnostic data. The 22-month Diagnostic Medical Sonography program will teach you to perform and evaluate ultrasound exams and procedures. Nearly all courses are online except clinicals and scanning labs.

The sonography program offers both general and cardiac track options. General students learn to perform abdominal, obstetrics, gynecology, and vascular exams. Cardiac students learn to perform detailed cardiac and vascular exams.

Admission in to each sonography program is competitive and requires additional admission applications. Application packets are available online at www.sfccmo.edu/diagnostic-medical-sonography. During the final semester of the program you will be eligible to sit for the ARDMS specialty certification exams, which are required by some employers and may make you more marketable for employment.

Degree Option

- › Associate of Applied Science in Diagnostic Medical Sonography
 - » 80.5 credit hours
 - » General Sonography
 - » Cardiac Sonography

Is this Program Right for Me?

Some common skills and abilities needed for this program:

- › Active listening and learning
- › Critical thinking
- › Oral and written expression and comprehension
- › Arm-hand steadiness and control precision
- › Excellent near vision
- › Inductive reasoning

This program also requires essential qualifications to be admitted and retained. Visit www.sfccmo.edu/essential-qualifications to view these requirements.

Transfer and Bachelor's Degree Options

SFCC has agreements with many four-year schools that ensure our credits transfer. We have augmented agreements with Central Methodist University (CMU) that provide bachelor's degree programs at SFCC's Sedalia, Clinton, Lake of the Ozarks, and online campuses; University of Central Missouri (UCM) and University of Missouri-Columbia for specific on-ground programs; and Drury University, Grantham University and University of Phoenix for specific online programs. CMU and UCM also offer dual admission through SFCC.

Apply—It's as easy as 1, 2, 3!

1. Apply online at www.sfccmo.edu. It's free!
2. Submit placement scores and official transcripts.
3. Enroll in classes!

Admission into each sonography training requires completion of an additional application.
