ADVANCED PLACEMENT

YEAR TWO - NURSING
PROGRAM INFORMATION

PLEASE RETURN ALL CORRESPONDENCE TO
THE ADDRESS LISTED BELOW:

STATE FAIR COMMUNITY COLLEGE
ATTN: NURSING DEPARTMENT
3201 WEST 16TH STREET
SEDALIA MO 65301-2199
Phone (660) 596-7426
Fax (660)-530-5838

State Fair Community College does not discriminate on the basis of race, color, national origin, sex, disability, religion, sexual orientation, veteran status, or age in its programs and activities or in employment. The following persons have been designated to handle inquiries regarding the nondiscrimination policy: Director of Human Resources, Hopkins Student Services Center, (660) 596-7484, or Dean of Student and Academic Support Services, Hopkins Student Services Center, (660) 596-7393. The Hopkins Center is located on SFCC’s Sedalia campus at 3201 W. 16th St., Sedalia, MO 65301. Inquiries also may be directed to the U.S. Department of Education, Office of Civil Rights at OCR.KansasCity@ed.gov.

Interested persons may obtain information as to the existence and location of services, activities and facilities at State Fair Community College that are accessible to and usable by persons with disabilities by contacting the Access office, Yeater Learning Center, Room 159, SFCC, 3201 W. 16th Street, Sedalia, MO 65301, (660) 530-5832.
The Year Two advanced placement bi-level nursing program is student-friendly and assists the transition from Licensed Practical Nurse to Associate Degree Nursing (ADN). By eliminating repetition of content learned at the practical nursing level, the **YEAR TWO advanced placement student** is able to complete the requirements for NCLEX RN in two semesters.

State Fair Community College’s Bi-level Associate Degree Nursing program is a two year program. **Year One** of this curriculum meets the requirements of the Missouri State Board of Nursing for Practical Nursing. Licensed Practical Nurses will be eligible to apply for advanced placement in **YEAR TWO**. **YEAR TWO** curriculum meets the Missouri State Board of Nursing requirements for Registered Nursing. The curriculum has full approval by Missouri State Board of Nursing.

Year Two (RN component) Program Offerings (please note application deadlines):

**Full Admission Process:**
- You may submit your **nursing application** if
  - you have completed all prerequisite courses **OR**
  - you are currently taking your final prerequisite course work
- Nursing applications must be submitted online through MyStar (Access is provided upon acceptance to SFCC)
- Applications are reviewed by the Nursing Admission Committee once all application criteria is completed.
  - Your application will be considered complete when
    - official transcripts have been submitted
    - all prerequisite courses are complete
    - CPR certification card has been submitted
    - Beginning in fall 2020, CPR certification will be eliminated as an application requirement. Documentation of certification that extends through program completion will be required following program acceptance. A CPR certification course will be offered prior to program entry.
    - ATI TEAS test score meets admission criteria (Adjusted Total Individual Score of 58.7 percent or higher)
  - Applications that are incomplete will not be considered for admission.
  - **Applications submitted but not completed will be held no more than one year from date of submission.**
- Admission to the Nursing Program is on a first-qualified, first-admitted basis. When a class is full, subsequent qualified applications will be accepted for the next available class at the designated campus. Should a position become open in an earlier class, the next eligible student will be notified.
- Students will be notified of acceptance to the program by email. All correspondence with you is through **SFCC student e-mail**, so be sure to check your student e-mail account regularly.
- Applicants are accepted into the program pending a satisfactory background check, a negative drug screening and completion of all required immunizations. Any applicant who has been convicted of felonies and/or misdemeanors must discuss this matter with the Nursing Program Director.
Contingent Admission
- Contingent admission will be offered if, after the stated application deadline, a class is not full.
- Contingent admission will be offered to applicants that have met all admission criteria by the end of the semester.
- Completed applications received after the deadline will only be considered if all contingent seats have not been filled.

Final admission to program will occur when all admission criteria has been met and completed, and reviewed by the Nursing Admission Committee.

Students should see the assigned Pre-Nursing Navigator for assistance in planning for program admission. Navigator advising information can be found at www.sfccmo.edu/offices-services/navigator-advising.

If you have questions, please contact Courtney Moon, Admissions & Advisement Coordinator for the Nursing Department, at 660-596-7426.

The following information can be found at www.sfccmo.edu:
- Advanced placement policies
- Student services
- Refund policy
- Financial assistance

**** see next page for admission requirements****
Admission Criteria

Year Two Advanced Placement Students

(if a student is a current LPN from outside the program)

☐ Admission to State Fair Community College (SFCC)
  ☑ Students can apply online free at www.sfccmo.edu/admissions
  ☑ Official Practical Nursing (PN) transcript must be submitted

☐ Application to SFCC Nursing Program
  ☑ Students apply online free on MyStar
    ☑ Access to MyStar is obtained upon acceptance to SFCC
    ☑ Application can be accessed under the Student tab in MyStar > I need to… > Submit or check status of nursing program application
    ☑ The following information should be uploaded with your application either upon initial application or at a later date
      ☑ ATI Test of Essential Skills (TEAS) results
      ☑ Copy of current LPN license or NURSYS license verification
        ☑ Licensed Practical Nurses who have ever had their professional license revoked, suspended, placed on probation, or otherwise subject to any type of disciplinary action will not be accepted into the State Fair Community College Associate Degree Nursing Program.
      ☑ Current (unexpired) American Heart Association CPR Card for Health Care Providers
        ☑ Beginning in fall 2020, CPR certification will be eliminated as an application requirement. Documentation of certification that extends through program completion will be required following program acceptance. A CPR certification course will be offered prior to program entry.

  ☑ SFCC Nursing Program Applications may be submitted:
    ☑ Once you have completed all prerequisite courses OR
    ☑ You are currently taking your final prerequisite course work

☐ Prerequisite Courses (additional prerequisite course work may be required based on placement exams)
  ☑ Intermediate Algebra or higher - 3 credit hours (with a C or higher)
    ☑ The following mathematics courses will be accepted: MATH 110, MATH 112, MATH 113, MATH 114, MATH 116, MATH 117, MATH 119, MATH 120, MATH 122, MATH 125, MATH 127, (or) MATH 131
  ☑ English Composition I or English Composition II - 3 credit hours (with a C or higher)
  ☑ Human Physiology - 4 credit hours with lab (with a B or higher)
    ☑ must have been completed within the last 10 years at the time of application to the nursing program
  ☑ General Psychology - 3 credit hours (with a C or higher)

☐ Current (unexpired) American Heart Association CPR card for Health Care Providers
  ☑ Certification course is offered at SFCC
  ☑ Card must be current at time of application and remain current until the program is started
  ☑ A BLS recertification class will be required immediately before the start of your program if your BLS card will expire before you complete the program. This will be scheduled for you if needed.
  ☑ American Red Cross certification will NOT be accepted
  ☑ Beginning in fall 2020, CPR certification will be eliminated as an application requirement. Documentation of certification that extends through program completion will be required following program acceptance. A CPR certification course will be offered prior to program entry.

☐ Required General Education Courses (can be taken prior to starting program or within program)
  ☑ Microbiology - 4 credit hours with lab (with a B or higher)
    ☑ must have been completed within the last 10 years at the time of application to the nursing program
If not already taken prior to the start of the program, must be successfully completed with a B or higher by the end of the first semester of Year Two

- Public Speaking - 3 credit hours (with a C or higher)
- If not already taken prior to the start of the program, must be successfully completed with a C or higher by the end of the second semester of Year Two

- History - 3 credit hours (with a C or higher)
  - US History Before 1877, US History Since 1877, or American/National Government
  - If not already taken prior to the start of the program, must be successfully completed with a C or higher by the end of the second semester of Year Two

☐ Required courses for students who graduated from a Practical Nursing program outside of Missouri or have taken the History general education course not meeting the Missouri Constitution requirements below

- Allied Health Career Development - 0.5 credit hours (with a B or higher)
  - Allied Health Career Development must be taken prior to graduation if student’s PN transcripts are from outside of Missouri. Enrollment in this course will occur after program acceptance with the assistance of the Nursing Navigator.

- Missouri Constitution – 0.5 credit hours
  - Transfer students who have completed a history course outside the state of Missouri or a history course in Missouri that does not meet the Missouri Constitution requirements will be required to pass the Missouri Constitution course (POLS 102) in order to qualify for graduation.

**NOTE:** If you have taken an Anatomy and Physiology I (A/P) (4 credit hours) or Anatomy and Physiology II course (A/P) (4 credit hours) from an accredited higher education institution, this does not satisfy the requirements of either Anatomy or Physiology courses that are required by this program. If your transcript indicates BOTH A/P I AND A/P II courses with a “B” or higher, this will satisfy the Anatomy and Physiology requirements of this program. If a student takes A/P I and A/P II and one of the grades for these are lower than a “B”, the student must repeat that course or take SFCC’s separate Anatomy and Physiology courses. All required (including prerequisites for the program) science courses must meet the requirement of having been completed within the last 10 years at the time of application to the State Fair Community College Associate Degree Nursing Program.

☐ Pre-entrance Exam

- ATI Test of Essential Academic Skills (TEAS)
- Must earn an Adjusted Total Individual Score of 58.7 percent or higher
- Exam must be taken less than one year before application is submitted and reviewed
- Must wait 45 days between testing dates
- SFCC administers this test
  - Additional information on registration and testing resources are available on the SFCC Testing Center website [www.sfccmo.edu/offices-services/testing-services/tests/ati-teas/](http://www.sfccmo.edu/offices-services/testing-services/tests/ati-teas/)
  - Registration and cost information is available online at [www.atitesting.com](http://www.atitesting.com).
  - Choose ATI TEAS for Nursing when registering
  - If test is completed at a testing center other than at SFCC, the student must provide an official TEAS transcript from ATI.
    - Official transcript can be purchased from the ATI online store at [www.atitesting.com/ati_store/](http://www.atitesting.com/ati_store/)
    - Unofficial TEAS results taken from a testing center besides SFCC will not be accepted.

☐ GPA Requirements

- 2.75 GPA for program requirements
  - Includes pre-requisites and required general education classes taken prior to acceptance (based upon 4.0 system)
  - If two grades exist for a required course on the transcript, the higher of the two grades will be used for the GPA computation.
✓ The GPA will be figured to the one hundredth position, such as 3.45 or 2.54, and not rounded beyond that point; for example, a 2.46 will not be rounded to 2.5.

✓ 2.5 GPA (overall) for all college level course work
✓ Overall GPA will be computed by the SFCC registrar’s office.
✓ The GPA will be figured to the one hundredth position, such as 3.45 or 2.54, and not rounded beyond that point; for example, a 2.46 will not be rounded to 2.5.

✓ An applicant not meeting the GPA requirements during admissions committee review will receive a letter to that effect.
  ✓ The applicant is then returned to the applicant pool and retains the original application date but will not be reviewed until GPA requirements are met.
  ✓ The applicant will contact the nursing department when their GPA meets or exceeds requirements.
  ✓ The applicant will be given two years to raise their GPA before being required to reapply to the program.
  ✓ The applicant will not need to retake the ATI TEAS since their application date remains in effect.

Beginning in fall 2020, CPR certification will be eliminated as an application requirement. Once applicant has been accepted, the student will need to successfully pass NURS 102 CPR for Health Care Providers (AHA) in the semester prior to the start of the nursing program or provide documentation of certification that will be valid throughout program completion.

Once an advanced placement applicant has been accepted, the student will need to successfully complete NURS 210 Nursing Transition Course with a grade of 82.5% or higher in the semester prior to the start of Year Two curriculum. Successful completion of the Nursing Program does not guarantee eligibility to take the RN NCLEX licensure exam.

Fax: 660-530-5838
Nursing Program Re-entry Policy
Students who withdraw from the SFCC Nursing Program may be considered for re-entry to the program under the following conditions:

- If withdrawal was due to extenuating circumstance, i.e. ill health, family problems, etc.
- Failure to maintain the required grade or pass NCLEX-PN
- The student who is non-compliant with program, course, or clinical remediation requirements will not be considered for re-entry.
- The remediation plan will focus on covering the material of the failed course (or the areas below or near passing on NCLEX-PN).
- The student must complete all remediation requirements as assigned in the remediation plan and by the due date assigned to show improvement to demonstrate the candidate’s ability to succeed.
- Additional areas outside of the failed course material may be included in the remediation plan for practice to ensure that a student continues to be prepared for NCLEX.
- Upon completion of the remediation plan, the faculty will review the candidate’s ability to succeed and make a recommendation regarding readmission.
- The remediation plan will be completed by the deadline provided in the remediation plan (prior to readmission) in order for any additional testing to be performed and the faculty admissions meeting to take place.
- A course remediation rubric will be used to inform the remediating student of their progress during remediation. This remediation rubric scores will be considered by the Admission Committee when the student petitions to return to the program.

Students who have withdrawn (or been dismissed) because of failure to maintain the required grades in a semester may be eligible to start classes for the next upcoming program, as long as there is evidence of potential for success (i.e. remediation efforts, other coursework that might assist the student with areas of need, etc.). **Students will only be admitted one time after successful remediation. A second academic withdrawal prohibits readmission to the program. Readmission after dismissal is neither automatic nor a guarantee, and will be considered favorably only when a student’s remediation performance indicates a strong probability for academic success. Re-entry will be considered on an individual student basis.**

At the time of withdrawal, the student and Nursing Director and/or Nursing Student Success Coordinator will agree in writing on the specific guidelines and conditions that must be met for re-entry to the program. Remediation plans are developed by the Nursing Student Success Coordinator in consultation with the Nursing Director.
State Fair Community College  
Associate Degree Nursing Program

Mission Statement
The mission of the Associate Degree Nursing Program is to prepare students to become registered professional nurses through a bi-level program. The aim of the educational environment is to use evidence-based practice to develop clinical reasoning. The program uses technology and quality improvement principles to enhance patient care. A holistic view of health care encourages growth of the individual student to enhance inter-professional partnerships and promote cultural vitality in the communities they serve. Learning is a lifelong process that results in behavioral change and is most effective as a shared responsibility.

Philosophy
SFCC’s Nursing Department is dedicated to upholding the college’s belief in the inherent value of each individual and enabling our learners to develop their talents, reach their educational goals, and become life-long learners who make a positive contribution to their community. At SFCC, nursing is considered very much an art and science. To meet local and regional nursing workforce needs for Licensed Practical Nurses and Registered Nurses, the SFCC Nursing Program utilizes Year One competencies to meet Missouri State Board of Nursing Minimum Standards for Practical Nurses. Year Two competencies build on this to meet the Missouri State Board of Nursing Minimum Standards for Registered Nurses.

The program utilizes the nursing process to ensure individualized quality patient care. Aware of each client’s unique genetic and cultural background, the nursing process is adaptable to individual needs and circumstances. Nursing involves individuals who are critical thinkers, caring, conscientious, ethical, flexible, professional, life-long learners, and accountable for their actions. Classroom and clinical experiences are designed to progressively move the learner from the simple to more complex concepts and procedures.

Nursing impacts the human response to illness and health and intervenes at three levels of client wellness: maintenance, restoration, and prevention of illness. By using Gordon’s Functional Health Patterns, the nursing process incorporates the health status of the whole person; physiological, spiritual, social, and psychological. Clients are recognized as individuals, families, and communities. Nurses facilitate client progress toward their optimal health status utilizing leadership principles and guided by individual state nurse practice acts, Standards of Practice, and other regulatory principles.

The program is accredited by the Department of Elementary and Secondary Education, State Department of Higher Education and has full approval by the Missouri State Board of Nursing.

Revised 3/18
State Fair Community College
Essential Qualifications for Associate Degree Nursing Program
Year One and Year Two

The following essential qualifications address the physical, cognitive, attitudinal and behavioral abilities essential to the nursing program at State Fair Community College. Students must meet these essential qualifications in order to be admitted and retained in the program. Students with documented disabilities who wish to request reasonable accommodations under the American with Disabilities Act must follow the college’s procedure for requesting accommodations. The college reserves the right to reject requests for accommodations that would fundamentally alter the nature of an educational program, lower the academic standards, cause an undue hardship on the college, or endanger the health or safety of a student with a disability, other students, or any other member of the college community.

State Fair Community College Associate Degree Nursing signifies that the holder of that program may apply for licensure in the state of Missouri as a Licensed Practical Nurse after Year One and as a Registered Nurse after Year Two and has been educated to competently enter nursing practice in all healthcare settings as outlined in the Missouri State Board of Nursing Practice Act. The education of an associate degree nurse requires the acquisition of substantial specialized skill, the assimilation of knowledge and the ability to make appropriate judgments in healthcare settings. The practice of a nurse emphasizes collaboration among physicians, nurses, allied health care professionals, and the patient.

The curriculum requires students to engage in diverse, complex, and specific experiences essential to the acquisition and practice of essential nursing skills and functions. Unique combinations of cognitive, affective, psychomotor, physical and social abilities are required to satisfactorily perform these functions. In addition to being essential to the successful completion of the requirements of the certificate in Practical Nursing or as a Registered Nurse, these functions are necessary to ensure the health and safety of patients, fellow candidates, faculty and other healthcare providers.

The essential abilities necessary to acquire or demonstrate competence in a discipline as complex as nursing and needed for successful admission and continuance by candidates of the Practical Nursing program at State Fair Community College include but are not limited to the following abilities.

**Motor Skills**
Candidates should have sufficient motor function so that they are able to execute movements required to provide general care and treatment to patients in all health care setting. Candidates should have the ability to reach items overhead, stand for 8-12 hours, and lift 15-25 pounds of a client’s body weight. (For example: For the safety and protection of the patient, the candidate must be able to perform basic life support, including CPR, and function in an emergency situation. The candidate must have the ability, within reasonable limits, to safely assist a patient in moving, for example, from a chair to a bed, or from a wheelchair to a commode.)

**Sensory/Observation**
A candidate must be able to acquire the information present through demonstrations and experiences in the basic nursing sciences. He or she must be able to observe a patient accurately, and at a distance and close at hand, and observe and appreciate non-verbal communications when performing nursing assessment and intervention or administering medications. The candidate must be capable of perceiving
the signs of disease and infection as manifested through physical examination. Such information is derived from images of the body surfaces, palpable changes in various organs and tissues, and auditory information (patient voice, hear tones, bowel and lung sounds).

Communication
The candidate must communicate effectively and sensitively with other students, faculty, staff, patient, family, and other professionals. He or she must express his or her ideas and feelings clearly and demonstrate a willingness and ability to give and receive feedback. A candidate must be able to convey or exchange information at a level allowing development of a health history, identify problems presented, explain alternative solutions, and give directions during treatment and post-treatment. The candidate must be able to communicate effectively in oral and written format. The candidate must be able to process and communicate information on the patient’s status with accuracy in a timely manner to members of the health care team. The appropriate communication may also rely on the candidate’s ability to make a correct judgment in seeking supervision and consultation in a timely manner.

Cognitive
A candidate must be able to measure, calculate, reason, analyze, integrate, and synthesize in the context of practical nursing study. The candidate must be able to read and comprehend extensive written material. He or she must also be able to evaluate and apply information and engage in critical thinking in the classroom and clinical setting.

Behavioral/Emotional
A candidate must possess the emotional health required for the full utilization of his or her intellectual abilities, the exercise of good judgment, the prompt completion of all responsibilities attendant to the diagnosis and care of patient and families. In addition, he/she must be able to maintain mature, sensitive, and effective relationships with patients, students, faculty, staff and other professionals under all circumstances including highly stressful situations. The candidate must have the emotional stability to function effectively under stress and to adapt to an environment that may change rapidly without warning and/or in unpredictable ways. The candidate must be able to experience empathy for the situations and circumstances others and effectively communicate that empathy. The candidate must know that his or her values, attitudes, beliefs, emotions, and experiences affect his or her perceptions and relationships with others. The candidate must be able and willing to examine and change his or her behavior when it interferes with productive individual or team relationships. The candidate must possess skills and experience necessary for effective and harmonious relationships in diverse academic and working circumstances.

Professional Expectations
“Professional behavior is manifest in person, acts and attitudes including elements of what wear, how we perform, and how we think – if we make our thoughts and beliefs public…It is how others see nursing that is so important to the nursing profession. And it is how others see us in our behavior to each other as well as to our clients that defines us as professionals.” Veronica D. Feeg, (Copyright 2001, Pediatric Nursing and Jannetti Publications, Inc. used with permission of the publisher.)

Therefore, how one presents him or herself either elevates or diminishes their professional image in the eyes of others. We expect candidates to maintain the highest standards of professionalism in the
classroom, all clinical settings, in any campus building or property, in the community, and in related public settings.

Candidates must:

- Possess the ability to reason morally and practice nursing in an ethical manner
- Be willing to learn and abide by standards of practice for nursing
- Possess the attributes that include compassion, empathy, altruism, integrity, honesty, responsibility, and tolerance
- Be able to engage in patient care delivery in all settings
- Be able to deliver care to all patient populations including but not limited to children, adolescents, adults, developmentally disabled persons, medically compromised patients, and vulnerable adults.

General professional behaviors to be exhibited in all areas at all times include:

"Twelve Points on Professionalism" that can serve as a good reminder to us all of those subtle, interpersonal qualities we should reconsider from time to time.

- Be civil - Treat people with respect.
- Be ethical - Stand up for personal and professional standards.
- Be honest - Be forthright; do not participate in gossip and rumor.
- Be the best - Strive to be better than good.
- Be consistent - Behavior should coincide with values and beliefs.
- Be a communicator - Invite ideas, opinions, feedback from others.
- Be accountable - Take responsibility for your own actions.
- Be collaborative - Work in partnership with others for the benefit of patients.
- Be forgiving - Everyone makes mistakes; give people a fair chance.
- Be current - Keep knowledge and skills up to date.
- Be involved - Be active at local, state, and national levels.
- Be a model - What a person says and does reflects on his or her profession. (Adapted from Bruhn. J., in Nativio, 2001).

**YEAR TWO TOTAL:**  

**$3,226.00**

*** Laptop computer must meet specific technical requirements identified in the Nursing Student Handbook.

The estimate for Year Two tuition, fees and other necessary program expenses is $13,103.50 for an in-district student and $15,441.00 for a Missouri resident student.

Nursing program fees applied to the student account are nonrefundable. Students withdrawing from the nursing program are responsible for all program fees associated with drug screening, background check, ATI, and online documentation and testing software.
STATE OF MISSOURI NURSING PRACTICE ACT
REQUIREMENTS TO APPLY TO TAKE NCLEX

335.046. License, application for-qualifications for, fee-hearing on denial of license.

1. An applicant for a license to practice as a registered professional nurse shall submit to the board a written application on forms furnished to the applicant. The original application shall contain the applicant's statements showing the applicant's education and other such pertinent information as the board may require. The applicant shall be of good moral character and have completed at least the high school course of study, or the equivalent thereof as determined by the state board of education, and have successfully completed the basic professional curriculum in an accredited or approved school of nursing and earned a professional nursing degree or diploma. Each application shall contain a statement that it is made under oath or affirmation and that its representations are true and correct to the best knowledge and belief of the person signing same, subject to the penalties of making a false affidavit or declaration. Applicants from non-English-speaking lands shall be required to submit evidence of proficiency in the English language. The applicant must be approved by the board and shall pass an examination as required by the board. The board may require by rule as a requirement for licensure that each applicant shall pass an oral or practical examination. Upon successfully passing the examination, the board may issue to the applicant a license to practice nursing as a registered professional nurse. The applicant for a license to practice registered professional nursing shall pay a license fee in such amount as set by the board. The fee shall be uniform for all applicants. Applicants from foreign countries shall be licensed as prescribed by rule.

2. An applicant for license to practice as a licensed practical nurse shall submit to the board a written application on forms furnished to the applicant. The original application shall contain the applicant's statements showing the applicant's education and other such pertinent information as the board may require. Such applicant shall be of good moral character, and have completed at least two years of high school, or its equivalent as established by the state board of education, and have successfully completed a basic prescribed curriculum in a state-accredited or approved school of nursing, earned a nursing degree, certificate or diploma and completed a course approved by the board on the role of the practical nurse. Each application shall contain a statement that it is made under oath or affirmation and that its representations are true and correct to the best knowledge and belief of the person signing same, subject to the penalties of making a false affidavit or declaration. Applicants from non-English-speaking countries shall be required to submit evidence of their proficiency in the English language. The applicant must be approved by the board and shall pass an examination as required by the board. The board may require by rule as a requirement for licensure that each applicant shall pass an oral or practical examination. Upon successfully passing the examination, the board may issue to the applicant a license to practice as a
licensed practical nurse. The applicant for a license to practice licensed practical nursing shall pay a fee in such amount as may be set by the board. The fee shall be uniform for all applicants. Applicants from foreign countries shall be licensed as prescribed by rule.

3. Upon refusal of the board to allow any applicant to sit for either the registered professional nurses' examination or the licensed practical nurses' examination, as the case may be, the board shall comply with the provisions of section 621.120 and advise the applicant of his or her right to have a hearing before the administrative hearing commission. The administrative hearing commission shall hear complaints taken pursuant to section 621.120.

4. The board shall not deny a license because of sex, religion, race, ethnic origin, age or political affiliation.
Pursuant to 8 U.S.C.A. §1621, the Board of Nursing is prohibited from granting professional licensure to a non-eligible, non-citizen of the United States. An individual who is a qualified alien, a nonimmigrant or an alien paroled into the US as documented by the US may be eligible for licensure. However, individuals who may have permission from the US to be here for a specific duration or purpose may not be eligible for professional licensure pursuant to federal law.

Sec. 1621 - Aliens who are not qualified aliens or nonimmigrants ineligible for State and local public benefits

Denial, revocation, or suspension of license, grounds for, civil immunity for providing information.

1. The board may refuse to issue or reinstate any certificate of registration or authority, permit or license required pursuant to chapter 335 for one or any combination of causes stated in subsection 2 of this section or the board may, as a condition to issuing or reinstating any such permit or license, require a person to submit himself or herself for identification, intervention, treatment, or rehabilitation by the impaired nurse program as provided in section 335.067. The board shall notify the applicant in writing of the reasons for the refusal and shall advise the applicant of his or her right to file a complaint with the administrative hearing commission as provided by chapter 621.

2. The board may cause a complaint to be filed with the administrative hearing commission as provided by chapter 621 against any holder of any certificate of registration or authority, permit or license required by sections 335.011 to 335.096 or any person who has failed to renew or has surrendered his or her certificate of registration or authority, permit or license for any one or any combination of the following causes:
   a. Use or unlawful possession of any controlled substance, as defined in chapter 195, or alcoholic beverage to an extent that such use impairs a person's ability to perform the work of any profession licensed or regulated by sections 335.011 to 335.096;
   b. The person has been finally adjudicated and found guilty, or entered a plea of guilty or nolo contendere, in a criminal prosecution pursuant to the laws of any state or of the United States, for any offense reasonably related to the qualifications, functions or duties of any profession licensed or regulated pursuant to sections 335.011 to 335.096, for any offense an essential element of which is fraud, dishonesty or an act of violence, or for any offense involving moral turpitude, whether or not sentence is imposed;
   c. Use of fraud, deception, misrepresentation or bribery in securing any certificate of registration or authority, permit or license issued pursuant to sections 335.011 to 335.096 or in obtaining permission to take any examination given or required pursuant to sections 335.011 to 335.096;
   d. Obtaining or attempting to obtain any fee, charge, tuition or other compensation by fraud, deception or misrepresentation;
   e. Incompetency, gross negligence, or repeated negligence in the performance of the functions or duties of any profession licensed or regulated by chapter 335. For the purposes of this subdivision, "repeated negligence" means the failure, on more than one occasion, to use that degree of skill and learning ordinarily used under the same or similar circumstances by the member of the applicant's or licensee's profession;
   f. Misconduct, fraud, misrepresentation, dishonesty, unethical conduct, or unprofessional conduct in the performance of the functions or duties of any profession licensed or regulated by this chapter, including, but not limited to, the following:
i. Willfully and continually overcharging or over treating patients; or charging for visits which did not occur unless the services were contracted for in advance, or for services which were not rendered or documented in the patient's records;

ii. Attempting, directly or indirectly, by way of intimidation, coercion or deception, to obtain or retain a patient or discourage the use of a second opinion or consultation;

iii. Willfully and continually performing inappropriate or unnecessary treatment, diagnostic tests, or nursing services;

iv. Delegating professional responsibilities to a person who is not qualified by training, skill, competency, age, experience, or licensure to perform such responsibilities;

v. Performing nursing services beyond the authorized scope of practice for which the individual is licensed in this state;

vi. Exercising influence within a nurse-patient relationship for purposes of engaging a patient in sexual activity;

vii. Being listed on any state or federal sexual offender registry;

viii. Failure of any applicant or licensee to cooperate with the board during any investigation;

ix. Failure to comply with any subpoena or subpoena duces tecum from the board or an order of the board;

x. Failure to timely pay license renewal fees specified in this chapter;

xi. Violating a probation agreement, order, or other settlement agreement with this board or any other licensing agency;

xii. Failing to inform the board of the nurse's current residence;

xiii. Any other conduct that is unethical or unprofessional involving a minor;

g. Violation of, or assisting or enabling any person to violate, any provision of sections 335.011 to 335.096, or of any lawful rule or regulation adopted pursuant to sections 335.011 to 335.096;

h. Impersonation of any person holding a certificate of registration or authority, permit or license or allowing any person to use his or her certificate of registration or authority, permit, license or diploma from any school;

i. Disciplinary action against the holder of a license or other right to practice any profession regulated by sections 335.011 to 335.096 granted by another state, territory, federal agency or country upon grounds for which revocation or suspension is authorized in this state;

j. A person is finally adjudged insane or incompetent by a court of competent jurisdiction;

k. Assisting or enabling any person to practice or offer to practice any profession licensed or regulated by sections 335.011 to 335.096 who is not registered and currently eligible to practice pursuant to sections 335.011 to 335.096;

l. Issuance of a certificate of registration or authority, permit or license based upon a material mistake of fact;

m. Violation of any professional trust or confidence;
n. Use of any advertisement or solicitation which is false, misleading or deceptive to the general public or persons to whom the advertisement or solicitation is primarily directed;
o. Violation of the drug laws or rules and regulations of this state, any other state or the federal government;
p. Placement on an employee disqualification list or other related restriction or finding pertaining to employment within a health-related profession issued by any state or federal government or agency following final disposition by such state or federal government or agency;
q. Failure to successfully complete the impaired nurse program;
r. Knowingly making or causing to be made a false statement or misrepresentation of a material fact, with intent to defraud, for payment pursuant to the provisions of chapter 208 or chapter 630, or for payment from Title XVIII or Title XIX of the federal Medicare program;
s. Failure or refusal to properly guard against contagious, infectious, or communicable diseases or the spread thereof; maintaining an unsanitary office or performing professional services under unsanitary conditions; or failure to report the existence of an unsanitary condition in the office of a physician or in any health care facility to the board, in writing, within thirty days after the discovery thereof;
t. A pattern of personal use or consumption of any controlled substance unless it is prescribed, dispensed, or administered by a provider who is authorized by law to do so;
u. Habitual intoxication or dependence on alcohol, evidence of which may include more than one alcohol-related enforcement contact as defined by section 302.525;
v. Failure to comply with a treatment program or an aftercare program entered into as part of a board order, settlement agreement, or licensee's professional health program.

3. After the filing of such complaint, the proceedings shall be conducted in accordance with the provisions of chapter 621. Upon a finding by the administrative hearing commission that the grounds, provided in subsection 2 of this section, for disciplinary action are met, the board may, singly or in combination, censure or place the person named in the complaint on probation on such terms and conditions as the board deems appropriate for a period not to exceed five years, or may suspend, for a period not to exceed three years, or revoke the license, certificate, or permit.

4. For any hearing before the full board, the board shall cause the notice of the hearing to be served upon such licensee in person or by certified mail to the licensee at the licensee's last known address. If service cannot be accomplished in person or by certified mail, notice by publication as described in subsection 3 of section 506.160 shall be allowed; any representative of the board is authorized to act as a court or judge would in that section; any employee of the board is authorized to act as a clerk would in that section.

5. An individual whose license has been revoked shall wait one year from the date of revocation to apply for relicensure. Relicensure shall be at the discretion of the board after compliance with all the requirements of sections 335.011 to 335.096 relative to the licensing of an applicant for the first time.
6. The board may notify the proper licensing authority of any other state concerning the final disciplinary action determined by the board on a license in which the person whose license was suspended or revoked was also licensed of the suspension or revocation.

7. Any person, organization, association or corporation who reports or provides information to the board of nursing pursuant to the provisions of sections 335.011 to 335.259* and who does so in good faith shall not be subject to an action for civil damages as a result thereof.

8. The board may apply to the administrative hearing commission for an emergency suspension or restriction of a license for the following causes:
   a. Engaging in sexual conduct ** as defined in section 566.010, with a patient who is not the licensee's spouse, regardless of whether the patient consented;
   b. Engaging in sexual misconduct with a minor or person the licensee believes to be a minor. "Sexual misconduct" means any conduct of a sexual nature which would be illegal under state or federal law;
   c. Possession of a controlled substance in violation of chapter 195 or any state or federal law, rule, or regulation, excluding record-keeping violations;
   d. Use of a controlled substance without a valid prescription;
   e. The licensee is adjudicated incapacitated or disabled by a court of competent jurisdiction;
   f. Habitual intoxication or dependence upon alcohol or controlled substances or failure to comply with a treatment or aftercare program entered into pursuant to a board order, settlement agreement, or as part of the licensee's professional health program;
   g. A report from a board-approved facility or a professional health program stating the licensee is not fit to practice. For purposes of this section, a licensee is deemed to have waived all objections to the admissibility of testimony from the provider of the examination and admissibility of the examination reports. The licensee shall sign all necessary releases for the board to obtain and use the examination during a hearing; or
   h. Any conduct for which the board may discipline that constitutes a serious danger to the health, safety, or welfare of a patient or the public.

9. The board shall submit existing affidavits and existing certified court records together with a complaint alleging the facts in support of the board's request for an emergency suspension or restriction to the administrative hearing commission and shall supply the administrative hearing commission with the last home or business addresses on file with the board for the licensee. Within one business day of the filing of the complaint, the administrative hearing commission shall return a service packet to the board. The service packet shall include the board's complaint and any affidavits or records the board intends to rely on that have been filed with the administrative hearing commission. The service packet may contain other information in the discretion of the administrative hearing commission. Within twenty-four hours of receiving the packet, the board shall either personally serve the licensee or leave a copy of the service packet at all of the licensee's current addresses on file with the board. Prior to the hearing, the licensee may file affidavits and certified court records for consideration by the administrative hearing commission.
10. Within five days of the board's filing of the complaint, the administrative hearing commission shall review the information submitted by the board and the licensee and shall determine based on that information if probable cause exists pursuant to subsection 8 of this section and shall issue its findings of fact and conclusions of law. If the administrative hearing commission finds that there is probable cause, the administrative hearing commission shall enter the order requested by the board. The order shall be effective upon personal service or by leaving a copy at all of the licensee's current addresses on file with the board.

11. The administrative hearing commission shall hold a hearing within forty-five days of the board's filing of the complaint to determine if cause for discipline exists. The administrative hearing commission may grant a request for a continuance, but shall in any event hold the hearing within one hundred twenty days of the board's initial filing. The board shall be granted leave to amend its complaint if it is more than thirty days prior to the hearing. If less than thirty days, the board may be granted leave to amend if public safety requires.
   a. If no cause for discipline exists, the administrative hearing commission shall issue findings of fact, conclusions of law, and an order terminating the emergency suspension or restriction.
   b. If cause for discipline exists, the administrative hearing commission shall issue findings of fact and conclusions of law and order the emergency suspension or restriction to remain in full force and effect pending a disciplinary hearing before the board. The board shall hold a hearing following the certification of the record by the administrative hearing commission and may impose any discipline otherwise authorized by state law.

12. Any action under this section shall be in addition to and not in lieu of any discipline otherwise in the board's power to impose and may be brought concurrently with other actions.

13. If the administrative hearing commission does not find probable cause and does not grant the emergency suspension or restriction, the board shall remove all reference to such emergency suspension or restriction from its public records. Records relating to the suspension or restriction shall be maintained in the board's files. The board or licensee may use such records in the course of any litigation to which they are both parties. Additionally, such records may be released upon a specific, written request of the licensee.

14. If the administrative hearing commission grants temporary authority to the board to restrict or suspend the nurse's license, such temporary authority of the board shall become final authority if there is no request by the nurse for a full hearing within thirty days of the preliminary hearing. The administrative hearing commission shall, if requested by the nurse named in the complaint, set a date to hold a full hearing under the provisions of chapter 621 regarding the activities alleged in the initial complaint filed by the board.

15. If the administrative hearing commission refuses to grant temporary authority to the board or restrict or suspend the nurse's license under subsection 8 of this section, such dismissal shall not bar the board from initiating a subsequent disciplinary action on the same grounds.

16. The board may initiate a hearing before the board for discipline of any licensee's license or certificate upon receipt of one of the following:
a. Certified court records of a finding of guilt or plea of guilty or nolo contendere in a criminal prosecution under the laws of any state or of the United States for any offense involving the qualifications, functions, or duties of any profession licensed or regulated under this chapter, for any offense involving fraud, dishonesty, or an act of violence, or for any offense involving moral turpitude, whether or not sentence is imposed;
b. Evidence of final disciplinary action against the licensee's license, certification, or registration issued by any other state, by any other agency or entity of this state or any other state, or the United States or its territories, or any other country;
c. Evidence of certified court records finding the licensee has been judged incapacitated or disabled under Missouri law or under the laws of any other state or of the United States or its territories.
d. The board shall provide the licensee not less than ten days' notice of any hearing held pursuant to chapter 536.
e. Upon a finding that cause exists to discipline a licensee's license, the board may impose any discipline otherwise available.

*Section 335.259 was repealed by S.B. 52, 1993.
