State Fair Community College

Welcome!

At Kids College, fun is our middle name!

SFCC's Learning*Force* staff and Kids College instructors are planning a terrific schedule of programs for students in PreK through 10th grades that will inject fun and academic objectives into your child's summer.

Kids College is based on the philosophy that fun and learning go hand-in-hand. We believe we have created an exceptional learning environment that provides students with many opportunities to learn.

Programs will feature unique activities designed to provide students with experiences that make topics come alive. Our teachers, from area school districts, will take fresh approaches that challenge children and send them back to school with new perspectives and an excitement for learning.

We hope you join us at Kids College for a summer of fun! If you have questions or comments, feel free to contact Carla Childers, resource coordinator, at (660) 596-7230 or **cchilders1@sfccmo.edu**.

Here's to a great summer of learning!
