Dear Roadrunner Fans:

The 2021 season at State Fair Community College has been like no other in college history. Like every other part of our lives, our athletic programs were affected by a pandemic that changed every function at the college. The safety and well-being of our students, employees and our tremendously supportive community have been at the center of every decision we have made.

The guidance and direction we received from the National Junior College Athletic Association (NJCAA) has helped the college make informed decisions to ensure student-athletes still have an opportunity to compete safely. I can't thank the NJCAA and SFCC Athletic Director Darren Pannier enough for keeping those young women and men safe.

I also thank the college administration, coaches and assistants who work directly with the students on a daily basis to keep health risks minimal. Their actions and guidance have kept our students informed and allowed them to mitigate the dangers of the virus.

Our student-athletes' schedules have been turned upside-down in ways we never could have imagined just one year ago, but with this new semester comes the hopes and dreams of success.

This spring features men and women's basketball and soccer, baseball, softball, and golf. All of these athletic opportunities bring value to our students and to our college.

Student-athletes learn many important life skills: time management, personal discipline, persistence, hard work, teamwork, and leadership. To the parents of our athletes, you can be confident that at SFCC we strive for excellence in and out of the classroom. Athletics promote community involvement, school spirit, healthy competition, student recruitment and retention, and the opportunity to shine in a regional and national spotlight.

To achieve this takes more than impressive facilities and vision from an outstanding athletic support staff who emphasize character first. It also takes community support for Roadrunner athletics through sponsorships and Booster Club membership. Our athletic programs require funds for equipment, gear and travel expenses. On behalf of the SFCC Board of Trustees, please accept our heartfelt gratitude for your generous donations of time, talent and money, especially during the pandemic.

No matter how this season plays out, I wish the best of luck to all of our Roadrunner athletes and coaches as they compete in the NJCAA Region 16 and the Missouri Community College Athletic Conference.

Thank you,

Go Roadrunners!

Dear Fans,

Our student-athletes and coaches have been preparing for another exciting season of fast-paced, highly competitive basketball. Both teams will face

tough non-region schedules that will prepare them for the always challenging Region 16.

SFCC will have the honor of hosting the first **Missouri-Iowa Challenge**, pitting some of the best NJCAA teams from Missouri against the best teams from Iowa right here at the **Fred E. Davis Multipurpose Center**. This event will be hosted by a different college each year. This will be an annual event where junior college basketball fans, as well as NCAA coaches can see a lot of major talent in the same place at the same time.

The **Lady Roadrunners** will also host the opening round of the **Region 16 Division I Women's Basketball Showcase**. This event will take place early in the season bringing together all of the Region 16 teams. Each team will play two games and meet again in Poplar Bluff in two weeks to play three more games to see how each team has improved.

It will be very important to have large crowds at these two events, as well as all of our other home events throughout the year.

I believe the expectation is to win, however, the most important thing we have to do in intercollegiate athletics is to retain and graduate our student-athletes. We want to put the best effort on the floor, while competing and maintaining our academic standards."

Go Roadrunners!

Athletic Director

SFCC History

In September 1968, State Fair Community College opened its doors to 436 students. Located on land west of the Missouri State Fairgrounds, it had just one building – a 35,000-square-foot facility made of six modular units connected by a central hallway. This facility would become affectionately known as "Plywood U."

It wasn't fancy, but to the staff, students and supporters, it was everything. That day marked the culmination of more than three years of hard work by a group of dedicated Sedalia Jaycees who lobbied to bring higher education to the area.

On April 5, 1966, voters approved the creation of the Junior College District of Sedalia. On April 10, 1968, the college officially became State Fair Community College, the outcome of a "Name the College" contest won by Smith-Cotton High School senior Brenda Weathers.

From the beginning, SFCC's leadership has been strong and progressive. The founding president was Fred E. Davis, whose energy and thoughtfulness laid the groundwork and set the standard for putting students first. The Automotive Technology Building, the Charles E. Yeater Learning Center and the Marvin R. Fielding Technical Center were built under his watch, and an additional 113 acres were purchased for future growth.

In 2017, more than 13,758 students chose SFCC for credit and continuing education classes online and on campus in Sedalia, Boonville, Clinton, Eldon, the Lake of the Ozarks, Warsaw, and Whiteman Air Force Base.

In 2018, SFCC celebrated 50 years of living its mission to "provide relevant and innovative learning experiences that successfully prepare students and enrich the intellectual, economic and cultural vitality of the communities it serves."

This year, the college announced its new slogan "It's about community," recognizing its role in providing top-quality programming for certificate- and degree-seeking students in the 14 county service region.

Athletic Program Mission Statement

State Fair Community College embraces intercollegiate athletics as an educational experience that is an integral component of the academic mission. Through educational ideals learned both on and off the field of play, we instill in our student athletes the benefits of competition, sportsmanship, hard work, commitment and teamwork. Additionally the Athletic Department serves as a link between the college and the community. Academic success, community involvement and a dedication to excellence are all critical to the success of the program.

Beltran led the men's program to a 5-6-4 record in his second year at SFCC. The Roadrunners improved their winning percentage for the second year in a row. He guided the women's program to a 6-9 record. They showed continued improvement over the previous season, finishing in the top spot of the regular season standings

He led the SFCC men's team to an 8-10-1 record in his first season as the head coach. The win total was double that of the first year of the program. He led the women's team to a 4-12-2 record, which showed improvement from the program's first season. The Lady Roadrunners also won a Region 16 playoff game and advanced in the postseason for the first time in program history.

The women's team went winless the year before Beltran's arrival. Under his direction in 2011, they went 8-7 in his first season. The 2011 season was the first winning season for the women's team. They broke the school record for number of wins in a season, number of

region wins, most goals scored in a season, and the fewest number of goals allowed in the season.

The number of graduates went up throughout his tenure, from one in his first year to 19 in his final year.

Beltran also served as the assistant athletic director at Ranger, as well as technical director, where he created and maintained the athletic department website.

ROADRUNNERS BASEBALL

JUD KINDLE Head Coach

Roadrunners Baseball Head Coach **Jud Kindle** is in his fifth year at State Fair Community College. The 2020 campaign ended in mid-March because of the COVID -19 pandemic. Coach Kindle picked up his 100th win as a collegiate head coach on March 1 in the second game of a doubleheader against Lincoln Land Community College. SFCC finished the season with a 15-9 record.

Kindle led SFCC to the championship round of the Region 16 Baseball tournament in his third year in charge of the program. The Roadrunners put together a record of 35-21. The 35 victories is a program record. SFCC also hosted and won another sub-regional series.

Kindle led a much improved SFCC baseball team in his second year to a 33-24 record, which included the program's first time hosting and winning a sub-regional series.

He helped lead his team to a 23-28 record during the first season since the restart of the program in 2017.

Coach Kindle brings a wealth of coaching experience to his position at SFCC. He began his coaching career at Missouri State University in Springfield, serving as an assistant in 2004-2005. He served as the head coach for the Chillicothe Mudcats of the MINK (Missouri, Iowa, Nebraska and Kansas) League, a collegiate summer league in 2008.

Kindle served as coach and manager for the Sedalia Bombers, a MINK League team from 2009 to 2015. He was responsible for recruiting players from colleges throughout the country. He also secured host families for the players, as well as scheduled games, and secured sponsorships to fund the program. Kindle was also in charge of the Bombers community service efforts.

Kindle brings a lot of playing experience to his position. He began his collegiate playing career at Crowder College, where he graduated with an Associate of Arts in 2002. He received the James Payne Academic Award from Crowder in 2002. He was elected to the Crowder College Hall of Fame in 2012. He transferred to Missouri State University, where he finished his collegiate career earning Missouri Valley Conference First-Team Catcher of the Year in 2004.

He played minor league baseball for the Ozark Ducks in Ozark, Missouri in 2004. The next year he played for the Evansville Otters in Evansville, Indiana.

Kindle graduated from Smith-Cotton High School in Sedalia. He earned a bachelor's degree in Physical Education in 2005 and a master's degree in Health Promotion and Wellness Management in 2008, both from MSU.

The baseball program under the leadership of Coach Kindle has been built to focus on the student portion of the term student-athlete. He believes it is important for his program to build young men who will be successful throughout their lives, while winning games. Kindle uses baseball as a tool to accomplish these goals.

Kindle is the father of three children, sons Drew and Brock and daughter Jensen. They reside in Sedalia.

JORDAN DEY Assistant Coach

Jordan Dey is in his first season as the assistant baseball coach at State Fair Community College. He is familiar with the program through having served as a volunteer assistant during the 2018 season.

The Sedalia native began his collegiate coaching career at Columbia College from 2018 to 2020, where he served as a graduate assistant for two years. He assisted with the hitters and infield, while serving as the bullpen coach. During the 2019 season, he helped Columbia College advance to the NAIA National Tournament for the first time in school history.

Dey has also served as an assistant coach for the Sedalia Bombers for the past four seasons.

Dey played for two seasons at William Woods University 2015 and 2016 where he currently ranks fifth all-time in single season runs batted in with 53. Dey is also currently ranked tied for fourth in career home runs with 14. He also earned a Gold Glove award at first base.

He began his collegiate career at Crowder College 2012-2014, where he helped Crowder to a Region 16 Championship in 2014. Crowder also hosted a district championship that season.

Dey holds an Associate of Arts degree from Crowder College, undergraduate degree in Physical Education from William Woods University, and a master's in Teaching from Columbia College.

SFCC Softball Earns Prestigious Academic Honor

The State Fair Community College (SFCC) softball team has earned a 2019-2020 NJCAA Softball Academic Team Award. The Lady Roadrunners finished the academic year with a 3.28 team grade point average.

“The softball team is the only team that we have had earn this honor in my in my 24 years of being at State Fair,” said Athletic Director **Darren Pannier**. “You have to earn at least a 3.0 grade point average as a team and you have to count everyone’s GPA who is on the eligibility list. It requires the same criteria as the NJCAA Academic Student-Athlete Award. SFCC is known for their high academic standards as an institution. It is a very exciting time for SFCC. I have to tip my hat to our instructors who hold all of our students to a high academic standard.”

Freshman **Haley Berhorst** of Holts Summit, sophomore **Darby Christian** of Sedalia, sophomore **Alissa Collette** of Springfield, freshman **Brooke Conner** of Sweet Springs, sophomore **Jordan Fischer** of New Florence, freshman **Alexis Gililand** of Jefferson City, sophomore **Reagan Hockett** of Sedalia, freshman **Aleah Paxton** of Lincoln, sophomore **Abigail Rapp** of King City, freshman **Madison Thomas** of Madison, freshman **Taylor Williams** of Rogersville, and **Amaya Bell** of Jefferson City earned a 3.0 or higher grade point average.

“I think Coach Pannier made a comment during the fall that he has never had an NJCAA Academic Team Award winning team at SFCC,” said SFCC Head Softball Coach **Lyndsey Talbot**. “I immediately told our team that I wanted them to be the first one. We implemented study halls; we randomly checked their grades once or twice a week. When our season was canceled this spring, we decided since we can’t compete for any region awards on the field, now we were going to compete amongst ourselves and be the first team to get that award. Academics are something that I begin to stress during the recruiting visit. I’m very proud of our team. They were kind of on their own at the end the semester, but they remained competitive and got this award.”
