Today, SFCC boasts a comprehensive college experience with certificates and degrees in more than 65 areas of study (including general education, health sciences and technical education), residence halls, fourteen athletic teams, robust student life and activities, clubs and organizations, fine arts, a world-class museum of contemporary art, customized workforce training, state-of-the-art facilities with campuses in **Sedalia, Boonville, Clinton, Eldon, Jefferson City (2023) Lake of the Ozarks**, and **Whiteman Air Force Base**.

Service Area
The college's service area includes Benton, Camden, Carroll, Cole, Cooper, Henry, Hickory, Johnson, Miller, Moniteau, Morgan, Pettis, Saline, and St. Clair counties.

Taxing District
The taxing district includes Benton and Pettis counties, the Cooper County R-VI Otterville school district, and small portions of school districts in Henry, Morgan, Johnson, and Saline counties.

The 2021 tax levy rate is 0.397 cents per $100 assessed valuation of real and personal property. Taxing district residents receive the benefit of the in-district tuition rate.

GROWTH AND EXPANSIONS

2022

Olen Howard Workforce Innovation Center
The 38,500 square foot facility more than doubled the college's capacity in welding and precision machining programs.

2023

200 - Acre Working Farm
Farm includes livestock and row crops to enhance educational learning experiences for degree-seeking students, agribusinesses and agricultural producers.

2023

Fielding Rennovation
Home of new HVAC program and expanded lab space for robotics and industrial electrical maintenance.

2025

Center for Advanced Automotive and Agriculture Transportation
Expands automotive technician program and enhances agriculture, mechanics, commercial driving academy and transportation.

2025

Athletic Facilities
New on-campus fields for baseball and softball programs and expanded practice facilities and training for student-athletes.

2025

Residence Halls
New residence hall will more than double current beds on campus for students living on campus.

SFCC functions under the concepts of Centers for Excellence — physical or virtual centers of knowledge concentrating existing expertise and resources in a discipline or capability to attain and sustain world-class performance and value.

Olen Howard Workforce Innovation Center

CENTER FOR EXCELLENCE FOR

Advanced Manufacturing

The Center for Excellence in Advanced Manufacturing is a collaborative space where key stakeholders from business and industry work with the college to advance student training programs, balance educational values and where students and existing workforce can access employment opportunities in the world of advanced manufacturing. Operations are systematic, sustainable and can be repeated or duplicated designed to transform the regional economy through technical education.

SFCC offers manufacturing education and training programs for high-demand and high-paying careers, such as machinists, welders, maintenance technicians and more. These programs include short-term skills and professional certificates that lead to associate degrees. Many of our stents leave SFCC with multiple job offers and salaries starting at more than $50,000 a year.

To meet the critical workforce training need in SFCC's service region, the college opened the 38,5000 square-foot **Olen Howard Workforce Innovation Center**. The Howard Center expanded lab and classroom space for welding, pre-apprenticeships, precision machining and workforce training along with leadership, supervisory and logistics skill building. The renovated **Fielding Technical Center** expanded lab and classroom space for industrial electrical maintenance, robotics, and HVAC programs providing additional training and education for students and industry.

Community College

CENTER FOR EXCELLENCE FOR

# Advanced Agriculture and Transportation Technologies

The Center for Advanced Agriculture & Transportation Technology will be adjacent to the new 200-acre farm.

The new farm will include livestock and row crop operations to enhance education for degree-seeking students, agribusinesses, agricultural producers, and the general public. The livestock portion of the farm will feature small ruminants integrated into a cow/calf operation and will demonstrate a variety of breeding techniques, pasture management and grazing practices, and herd management options.

The $20 million center will expand training programs and certifications in agriculture, including ag mechanics, precision agriculture, transportation logistics, diesel technology, ASE accredited automotive technology, alternative/future fuels and material handling equipment/technologies.

The total project likely will require a $30 million investment. The State of Missouri has committed $12.5 million and the SFCC Foundation has committed to raising $10 million private funds for the CAATT building.

Daum Museum of Contemporary Art

CENTER FOR EXCELLENCE FOR

Fine and Performing Arts

The Center for Excellence for Fine and Performing Arts provides students, the local communities, and the central Missouri region with engaging experiences through art, theater, and music education and programming. Fine Arts program is a foundations program for visual art students. Drawing, design, figure drawing, painting, ceramics, sculpture, art history, watercolor, printmaking, and fibers make up the core of the art classes. The theater program provides professional-quality instruction and productions in outstanding facilities where three full-length plays, a children's show, and student-directed one-act plays are performed annually. Music program teaches music theory, history, and opportunities to perform in vocal or instrumental ensembles. The program includes performance opportunities with two vocal ensembles, Chamber Choir and Jazz Choir, and the Jazz Runners instrumental ensemble. These programs provide an enriched environment conducive to the development of individual understanding and basic literacy in the fine and performing arts disciplines through curricular and co-curricular arts education designed to meet the needs of the general college student, the arts major, the general public, and the professional artist.

Another exciting aspect of studying art at SFCC is exploring the programs and collections of **Daum Museum of Contemporary Art** on the Sedalia campus. The museum presents changing exhibitions plus selected works from its permanent collection, which is comprised of abstract paintings, drawings, prints, works in clay, and sculpture created since the mid-20th century by many of America's most celebrated artists. Art instructors incorporate the exhibitions into curriculum.

It's about community!

State Fair Community College

BOONVILLE

SFCC-Boonville offers students a convenient and easy transition from high school to college, and then on to a university or career field. Our staff and faculty provide superior educational opportunities and service to the community.

Areas of Study
› Associate of Arts degree for transfer to a four-year college
› Associate of Applied Science in Medical Assisting
› Professional Certificate in Medical Assisting
› Skills Certificate in Medical Assisting
› Classes in programs offered at other SFCC locations

Historic Location
The Boonville campus is located on the Historic Kemper campus and includes classrooms, computer and science labs, student study areas, and a game room. We also offer free AEL/HSE classes for those preparing to take the High School Equivalency Exam.

The Kemper Military School, was the oldest military academy west of the Mississippi River and served the community from 1844 - 2002. In 2012, the city of Boonville asked SFCC to offer classes on the campus, and SFCC-Boonville opened in August 2012.

The campus is owned by the City of Boonville and is used in different parts for the Boonslick Heartland YMCA, State Fair Community College, and for many local events and festivities, as well as soccer and baseball fields for local youth sports.

SFCC-Boonville
The Kemper Campus
701 Third St.
Boonville, MO 65233
boonville@sfccmo.edu
(660) 882-3090

Testing Services
The Boonville campus offers the ACCUPLACER test as well as other college test proctoring during normal business hours.

Computer Labs
Students may use computers and printers in BNK 210 and BNK 112 when not in use for class. There also are three computers in the second floor hallway that can be used anytime. Students may check out a laptop and auxiliary devices (mouse, keyboard, webcam) by asking a staff member.

CLINTON

SFCC-Clinton
Truman Regional Education Center
1701 N. 2nd St.
Clinton, MO 64735
clinton@sfccmo.edu
(660) 383-1600

SFCC-Clinton is located in the Truman Regional Educational Center, and provides general education classes, career programs, associate degrees, and even bachelor's degrees.

The center features classrooms, lab space, a testing center, and a commons area. SFCC-Clinton serves an average of 350 students, offering an excellent learning environment for anyone seeking a college education at a low cost.

We strive to meet our students wherever they are and help them reach their educational goals.

Bachelor Degrees
Because of a partnership with Central Methodist University (CMU), students attending SFCC-Clinton also can earn Bachelor of Arts or Science degrees in Accounting, Applied Science in Management, Business, Child Development, Criminal Justice, Early Childhood Education, Elementary Education, General Studies, Middle School Education, Psychology, RN to BSN, Sociology, and Special Education.

Surgical Tech
SFCC is now offering students the opportunity to earn credentials in the highly sought surgical tech field, part of the comprehensive **Health Science programs** at State Fair Community College.

Areas of Study
› Associate of Arts degree for transfer to a four-year college
› Associate of Arts in Teaching
› Associate of Applied Science in Business Management with two specialties: Management and Office Management
› Associate of Applied Science in Criminal Justice
› Associate of Applied Science in Early Childhood Development
› Associate of Applied Science in Medical Assisting
› Professional Certificate in Medical Assisting
› Skills Certificate in Medical Assisting
› Associate of Applied Science in Nursing
› Classes in programs offered at other SFCC locations

LAKE OF THE OZARKS

SFCC-LOZ is in the 8,000-sq. ft. upper level of the Stone Crest Mall and features 11 classrooms, three science labs, three computer labs, a testing center and a commons area for students.

LOZ serves traditional students, nontraditional adult students who want to upgrade their skills and industries needing customized training. Classes are small, teachers are local and tuition is affordable.

Areas of Study
> Associate of Arts degree for transfer to a four-year college
> Associate of Arts in Teaching
> Associate of Applied Science in Business Management
> Associate of Applied Science in Criminal Justice
> Associate of Applied Science in Construction Technology

Justice, Early Childhood Education, Elementary Education, Nursing, Psychology, and Sociology.

CMU's courses at SFCC-Lake of the Ozarks are taught in the late afternoon and early evening to accommodate working students and are designed for students who already have completed Associate of Art or Associate of Applied Science degrees. CMU's courses also are appropriate for students who are interested in personal or professional enrichment and who are not seeking bachelor's degrees.

ELDON

SFCC-Eldon is located in the Eldon Career Center. Our competency-based bi-level program prepares students to meet the requirements to become a licensed practical nurse (Year-One), then transition seamlessly to associate degree nursing (Year-Two) if students want to become a registered nurse. The associate degree nursing (Year-Two) advanced placement supports transition from Licensed Practical Nurse to registered nursing.

WHITEMAN AIR FORCE BASE

SFCC-Whiteman has offered classes at Whiteman Air Force Base since 1988. We are proud to help our military students and their dependents reach their educational goals.

Areas of Study
› Associate of Arts degree for transfer to a four-year college
› Associate of Arts in Teaching
› Classes in programs offered at other SFCC locations

Facilities
The SFCC-Whiteman Campus is located on Whiteman Air Force Base on the second floor in the Buckingham Professional Development Center (PDC) . We have a large computer lab, a biology lab, physics and chemistry lab, several academic classrooms with smartboards, and a large student commons area for you to use before and after your classes.

We have vending machines on the first floor and a student use microwave in the commons area on the second floor. Additionally, there is free wifi throughout the building.

Classes
To meet students' educational needs, general education classes are offered throughout the day, evening, and on Saturdays. SFCC-WAFB offers classes in different formats. We have the standard on-ground (instructor and students in the classroom together), hybrid (same as the on-ground class with less in-class meeting times), web conferencing (instructor and students at a different locations using Zoom web conferencing software for class meeting sessions). Many classes will utilize Canvas and other course specific software to enhance the learning environment.

511 Spirit Blvd.,
P.O. Box 5065
Whiteman AFB, MO 65305
WAFB@sfccmo.edu
P: (660) 563-3358

Testing Services
SFCC-WAFB is a certified National Testing Center for active duty military and anyone who has access to the base. We normally have CLEP, DSST, Pearson Vue testing sessions two to three times a week. For CLEP exams you must register first with CLEP. For a Pearson Vue exam please schedule through the Pearson Vue website. Placement testing is done throughout the day by appointment only. To schedule a CLEP, DSST, or placement exam please call the SFCC-WAFB office at (660) 563-3358.

JEFFERSON CITY

Students enrolled in **Connect Blue** can enroll in courses at Lincoln University and State Fair Community College concurrently. This means that students who wish to earn an associate degree from SFCC can transfer to a bachelor's degree program at LU as a student enrolled at both institutions – students have the ability to work towards an associate's degree and a bachelor degree at the same time.

State Fair Community College courses available at Lincoln University for the Fall 2023 semester:

› Public Speaking
› Intro to Criminal
› College Skills
› General BIO
› General SOC
› US History
› Foundations of ENGL
› English Comp

SFCC FOUNDATION

The purpose of the SFCC Foundation is to assist State Fair Community College in its mission to make SFCC an accessible, learning-centered institution, enriching its students and community by providing skills, knowledge and perspectives essential for a changing world.

› Assets currently sit at $29 million

› FY23 Scholarships (July 1, 2022 to June 30, 2023) awarded to 256 students $306,545

› FY24 Scholarship $323,272 available

› Volunteer board of 22 members

› *Stronger Workforce, Greater Community* capital campaign completed in 2022 to help build the Olen Howard Workforce Innovation Center.

› The current capital campaign's goal is $20M of which the Foundation is committed to raising $10M, which will help build the Center for Advanced Agriculture and Transportation Technology.

Scholarships at SFCC include:

› The President's Academic Excellence Scholarship

› Achievement Scholarships

› Performance Scholarships

› Student Government Association

› Campus Activities Board

› Student Ambassador scholarships

› High School Equivalency Scholarships

› Foundation Scholarships

Our Mission

The State Fair Community College Foundation, a nonprofit, tax-exempt corporation, was established in 1981 to raise funds to meet the needs of the college. The foundation's mission is to support and assist the college in serving the community by providing accessible, quality educational programs and services.
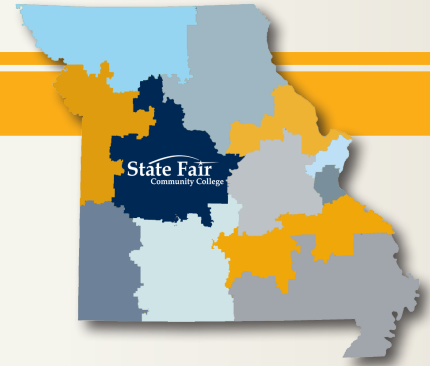

The Foundation's goals are:

- TO RAISE FUNDS TO MEET COLLEGE NEEDS

- TO ENLIST ADVOCATES FOR THE COLLEGE

- TO STRENGTHEN THE COLLEGE IMAGE

- TO PROTECT DONOR RIGHTS

- TO EFFECTIVELY MANAGE RESOURCES

- TO PROMOTE INSTITUTIONAL FLEXIBILITY

- TO STEWARD DONOR GIFTS

FOUNDATION

MCCA Legislative Priorities

1 5% Increase to FY24 in Core Funding

2 Make Permanent $10 Million increase to Core Funding (FY23)

3 A+ Funding Community College Students

4 MO Excels Funding for Workforce Training

5 FastTrack Funding for Adult Learners

Missouri Community College Funding 2000-2023

Inflation has outpaced CC funding by $61M

— College Funding (in millions)
— Inflation compared with 2000 funding level

Missouri Community College Association

Source: www.missouricolleges.org

State Fair Community College is a member of the Missouri Community College Association (MCCA). The MCCA represents the 12 community colleges in Missouri, more than 210,000 students and approximately 5,500 college administrators, faculty, staff, and trustees.

Unlike in some states, Missouri's community colleges are not a "system" with a centralized administration under one governing body. Rather, our institutions are 12 separate and independent local colleges with a history of working together to meet both state and local needs.

In 1993, MCCA recommended to the Coordinating Board of Higher Education that Missouri be divided into community college service regions covering the entire state. As local entities, each college's academic and workforce training programs mirror the local economy by design – a network that allows community colleges to serve every Missouri citizen and every Missouri business.
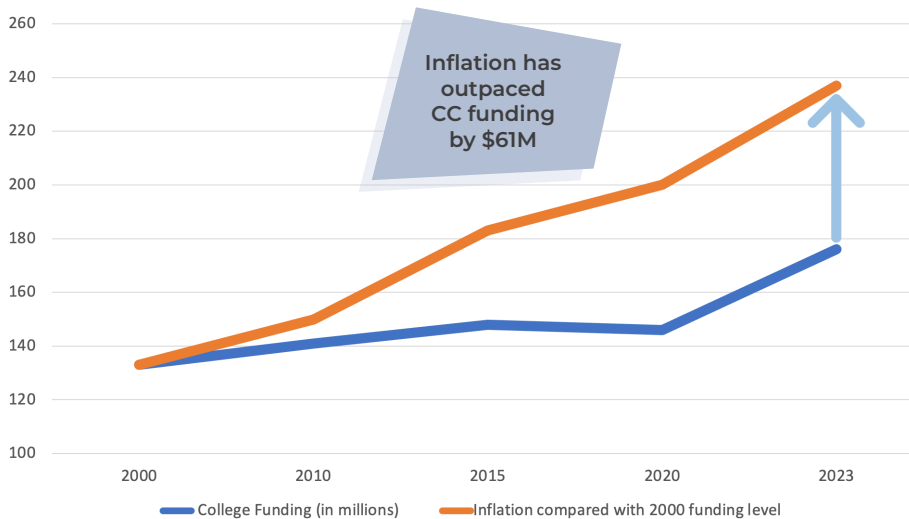

As a representative body, MCCA works to build and strengthen relationships with state legislators and serve as a ready resource for policymakers on questions related to higher education and workforce training. Missouri's community college service regions cover the entire state, allowing us to serve every Missourian and every Missouri business.
