Employment Procedures

In approving applicants for employment at State Fair Community College, the Board of Trustees will be guided by the desire to employ individuals committed to providing the highest quality education for the College's students. Candidates for employment by the College shall be recommended by the appropriate administrator to the President. The recommendation shall identify the level, and step for initial placement of faculty on the salary index and the initial placement of non-instructional employees recommended by the Vice President for Finance and Administration. (See also Policy and Regulation 4505 – Initial Salary Schedule Placement.)

The Board, upon recommendation of the President, shall approve the employment of all full-time instructional, exempt and administrative employees. The College will pay a maximum of \$250 towards travel expenses for candidates who are finalists for faculty, exempt, and administrative positions. The College will reimburse a maximum of \$1,000 towards moving expenses for vice presidents and \$5,000 for the president. The President shall authorize employment of non-exempt staff, which does not require Board of Trustees' approval.

The Office of Human Resources will provide orientation for new faculty and non-instructional employees through workshops, printed materials, and personal contacts.

The Vice President for Education and Student Support Services shall provide faculty orientation including appropriate guidelines published in the *Faculty Handbook*. Immediate supervisors shall assist new hires by making introductions and ensuring that the employee is familiar with the responsibilities and duties of his/her position.

Criminal Background Check

- It is the policy of State Fair Community College that *all new hires* ("Applicant") will be subject to a criminal background check as a condition of appointment (student hourly positions, per course faculty, part time and temporary employees are exempt except for "sensitive positions" and some departmental per course faculty as outlined below).
- Criminal background checks (including the sexual offender registry) shall be completed on finalists before an offer of employment is made. Results of the background checks shall be provided to the Office of Human Resources (HR) and the responsible Vice-President or Dean.
- Every applicant, including per course faculty, shall complete an Application or Applicant Disclosure Form (which indicates whether or not they have ever been convicted of a felony). Per course faculty shall complete the form every semester in which he or she intends to teach prior to the appointment letter and Personnel Action Form being sent to the Dean's office. If an Applicant Disclosure Form indicates conviction of a felony, the Background Check Coordinator ("BBC") will follow the procedures below to obtain a background check. Alternately, the department (at its expense) may elect to have a background check completed on every per course faculty member as outlined below in lieu of the requirement for semester by semester disclosure by per course faculty.
- Evidence of a conviction does not automatically disqualify an applicant. However, if an individual has a criminal history, the College will consider the following factors before extending an offer of employment: the nature and gravity of the offense; the time since the conviction/completion of the sentence; and the nature of the job held or sought and the relatedness of the conviction(s) to the duties and responsibilities of the position. (If an offer has already been extended and/or employment has commenced, upon consideration of these issues, the division may rescind the offer and/or terminate the appointment.)
- Information collected will be treated confidentially.
- State Fair Community College will abide by the Fair Credit Reporting Act, Missouri Human Rights Act and all applicable laws to ensure individuals are not discriminated against.

Performance Evaluation

Evaluation of Instructional Performance

Regular instructor evaluations by a Dean or designees are based on student feedback, classroom visits, review of professional development activities and on the instructor's service to the College and the community. Results are placed in the permanent personnel files and serve as the basis for setting goals for improvement during the coming academic year as well as for continued employment and salary recommendations.

The College's Comprehensive Faculty Evaluation system will rate four broad faculty roles: teaching, institutional service, professional development, and community service. The teaching role will have instructional delivery, instructional design, content expertise and course management components. The components of institutional service will be community service, student advisement and committee work. SFCC-developed forms will be used to gather other primary source data from each of the following sources: an administrative representative (Faculty Evaluation by a Dean or designee), the faculty member being evaluated (Faculty Self-Review), and students (Course Instruction Feedback Form).
