Keys to Effective Advocacy

Trustees must make advocacy a priority and cultivate a culture of advocacy through commitment of resources and modeling of advocacy practices.

Advocacy needs to be a performance standard for the college president or chief executive.

Build relationships with decision makers so that they are open to listening to your story.

More Keys to Effective Advocacy

Learn your story and practice telling the story as you will tell it to your intended audience.

Prioritize your goal with each constituency. Know your "ask".

Contextualize your presentation. Be relevant and speak to your audience's sensibility.
