

HOBBY MIG WELDING TRAINING

Join us for a hands-on, 9-hour hobby welding course focused on MIG welding! Whether you're a DIY enthusiast or want to learn or expand your welding skills, this course offers a supportive environment to learn the basics.

MIG welders provided or bring your own 110 volt machine.

Learn proper safety and machine set-up to create strong clean welds.

Course Objectives:

- ✗ Understand the basics of MIG welding and welding safety
- ✗ Learn to set up and operate a MIG welder
- ✗ Practice creating basic welds on mild steel materials
- ✗ Gain confidence in troubleshooting common issues
